

OVER-SUBSCRIBE LOAN \$500,000,000

LIBERTY BONDS SOLD ABOVE PAR

Tremendous Success of First American War Loan Shown in Closing Hours Today.

MAY REACH THREE BILLION

[By Associated Press Leased Wire.] The Liberty loan has been tremendously oversubscribed. When the books closed at noon treasury officials estimated that the total would reach at least \$2,500,000,000 and might reach \$3,000,000,000. The federal reserve district of the possible exception of Atlanta and Kansas City appeared to have exceeded the minimum allotment. Reports from these two districts were slow in coming in. With thousands of banks to be heard from in two districts, however, it seemed likely that the minimum allotment would be reached in each case.

Reports by telephone and telegraph from every section of the country told of an avalanche of small subscriptions at the last moment. Scores of small investors were standing in line at hundreds of banks throughout the country during the final hour. The small subscriber apparently had responded with an enthusiasm that exceeded the most sanguinary hopes of officials.

Eleventh Hour Landslide. Swelling the huge total by millions came the belated subscription of banks that held back till the last moment. The clerical forces of virtually every reserve bank were practically buried under a landslide of eleventh hour subscriptions.

Because of this situation the exact total subscription may not be known for many hours. The full magnitude of the country's response even may not be measured for several days. Thousands of belated subscriptions. It is feared may not reach the reserve banks till after the deadline of noon, standard bank time, and these must be included in making up the full totals showing the nation's response.

Millions by Telegraph. Millions of dollars, it was estimated, were transferred by telegraph from national and state banks and trust companies on behalf of their customers to the federal reserve banks. The last minute response of the small investor as the banks had forwarded the bulk of earlier subscriptions by mail.

Chicago Away Ahead. Chicago, June 15.—Three hundred million dollars, 40 million more than the quota.

This was the official estimate of the subscriptions of the seventy-two (ago) federal reserve district when the Liberty loan books closed at noon today.

The Liberty loan has been an overwhelming success, said W. O. Heath, chairman of the federal reserve bank.

"It can be stated that the Liberty loan is a signal success," said J. B. McDougall, governor of the federal reserve district of Illinois.

At noon a total of \$2,740,000,000 for the seventy-two federal reserve districts and the estimate for the district when returns are all counted tonight, was shortly afterward raised to \$2,825,000,000.

Illinois Leads West. The district includes all of Iowa, the southern peninsula of Michigan and parts of Illinois, Wisconsin and Indiana. At 6 o'clock last night the leading of these sections was:

Illinois, \$1,235,700; Indiana, \$21,805,050; Iowa, \$20,165,850; Michigan, \$44,112,900; Wisconsin \$17,425,250. At 7 o'clock this morning the total had grown to \$2,825,000,000 and was expected to be \$3,000,000,000 by midnight.

It was on this showing that the estimate of \$2,500,000,000 or more was based by a high official of the reserve bank.

Sell Above Par. New York, June 15.—The initial transaction in the Liberty loan bonds, trading in which began on the New York stock exchange at noon today, was above par. A total of \$10,000 sold at par and 1-50. The next lot \$250,000 sold at par.

Traded 101 1/2. Baltimore, Md., June 15.—The Liberty loan was traded in on the stock exchange here today at 101 1/2 on first sales. Other sales were made at 101.

Kansas City \$800,000,000. Kansas City, Mo., June 15.—Estimates that \$800,000,000 had been subscribed in the Liberty loan, the federal reserve district, (tenth) were made shortly before noon today by the tabulators who were swamped with applications. The district's allotment was \$100,000,000. The total from Kansas City was placed at \$160,000,000, the city's allotment being \$200,000 in excess of that figure.

St. Louis Exceeds Quota. St. Louis, Mo., June 15.—Reports received by the St. Louis federal reserve bank today indicated that St. Louis city would subscribe for \$40,000,000 of Liberty bonds, \$15,000,000 in excess of the city's allotment, and that the entire federal reserve district of the St. Louis would oversubscribe its \$40,000,000 allotment.

War Situation

The British campaign in Belgium gives signs of developing into one of the most important of the war. The Germans apparently are unable to resist the pressure being constantly applied to them and are being forced back at a comparatively rapid rate.

Today brings the announcement of another considerable advance by the British in this area. They attacked last night in the region both south and east of Messines and on both sides of the Ypres-Comines canal, gaining all their objectives and capturing one big gun and seven machine guns together with 150 prisoners.

The British line in the British offensive movement extends for a distance of about seven miles from the village of Klein Zillebeke south to the river Waas. Last night's attack, the culmination of constant pressure yielded General Plumer's troops the German front trenches between the Waas and the Ypres-Comines canal, besides additional ground north of the north, in the region between Ypres and Comines, the official statement indicates.

Signs of a probable further retreat of the Germans are not wanting. Correspondents have reported the withdrawal of the German big guns in the area east and southeast of Messines to the extreme limit of their range.

TO CITE ROAD HEADS FOR CONTEMPT SOON

Cases Arising From Increased Passenger Rates in Illinois Come Up Monday.

Wilkinson and Buckingham Home From Washington With Orders to Prosecute.

[By Associated Press Leased Wire.] Springfield, Ill., June 15.—Railroads entering Chicago which raised the passenger rates in violation of an injunction in the superior court against such an increase will be cited for contempt of court Monday, it was announced here today on the return of Assistant Attorney-General Wilkinson and Buckingham from Washington with orders to prosecute.

At the same time suits under the Illinois statutes will be instituted in various counties where railroads have raised passenger rates above the legal rate of two cents a mile, it was said.

Action Necessary. Action of this nature on the part of the attorney-general of Illinois is made necessary, it was declared, because of the failure of the Interstate Commerce commission to vacate an order permitting Illinois roads to put into effect a 2.4 cent rate before the question at issue has been decided by the United States supreme court where arguments will be heard in October on an appeal from the federal court in Cook county.

The order of the Interstate Commerce commission was for the purpose of removing alleged discrimination against St. Louis in favor of East St. Louis. Attorney-General Brundage and Governor Lowden have contended that the national commission had no right to adjust intrastate rates.

Ultimatum Served. Before leaving Washington the Illinois attorney-general served what amounted to an ultimatum that failure of the commission to suspend the rate increase order would mean litigation in the state.

The federal court in St. Louis has already ordered the Illinois roads to remove an alleged discrimination against St. Louis and has warned Illinois officials that they will be cited for contempt of court if they interfere with the roads in making the increase.

URUGUAY WILL AID U. S. WITH FRIENDLY NEUTRALITY

[By Associated Press Leased Wire.] Montevideo, Uruguay, June 15.—The senate decided today that if American warships visit Uruguayan ports they will be treated as non-belligerents.

Also Uruguay decreed its neutrality in the case between the United States and Germany who expressed sympathy with the action of the United States.

FALLS FORTY FEET, NO BONES BROKEN

Leon Culver of Elgin, who fell 40 feet from a silo he was erecting on a farm east of Aurora, is recovering at the St. Charles hospital. An X-ray examination was taken and it was found that he had not suffered any broken bones or serious internal injuries and that his spine was not seriously affected from the fall.

RUTH LAW IN FLIGHT

[By Associated Press Leased Wire.] Chicago, June 15.—Ruth Law, the aviatrix who started from St. Louis for Chicago yesterday, but was compelled to alight at Lexington, Ill., near Bloomington last night, resumed her Liberty bond flight at 11:15 o'clock this forenoon. She was expected here today at 1 o'clock.

FLAG PICTURES 3 GREAT FIGHTS

Striving Against British Tyranny, Slavery, German Autocracy, Rev. Alden Says.

STIRS ELK FLAG DAY CROWD

The three great fights for mankind made by America—the winning of a war against British tyranny, the winning of a war against slavery and the struggle to emancipate all civilized nations from German autocracy, including Germany itself—are represented in the colors of the American flag, the Rev. C. A. Alden, state chaplain of the Illinois Elks' association, said last night in an address at the Elks' flag day exercises in the People's church. "The Germans in America came here to get away from the thing that makes us fight Germany now," Mr. Alden said. "They escaped by emigration. But America cannot escape by emigration. She has no place to emigrate to except of the earth. The German too is our brother. He is our brother in arms. The things for which America has fought in other days have found no better soldiers on our soil than those who either directly or indirectly came from the German fatherland."

The Rev. Mr. Alden, who came here from Galesburg, as the next pastor of the People's church, spoke appreciatively of the fact that it was thru the Elks that he got his first acquaintance with his own church. His address was inspiring and forcible and roused a high pitch of enthusiasm by his three good American friends.

He said in part: "Flag Ever First With Elks. 'Brothers of the Benevolent and Protective Order of Elks, members of other co-operating organizations, and fellow citizens. And in Illinois that phrase includes the women as well as the men. For over twenty years I have been a supporter of equal suffrage. I am convinced that every man should turn the entire government system over to the women they could not make any mistake for which they could not find a male precedent. Government runs better where we remember the inextinguishable flame of the torch, male and female, created by God.'

"We are gathered tonight in an annual ceremony of the Elks. The fourteenth of June is the Elks' day to 'Rally Round the Flag.' This is our custom not for the emergency of war but for the ordinary days of peace. It becomes eminently appropriate that in the national crisis of today we make our tribute of patriotism more emphatic. But it is not a new thing for Elks with regularity to consider the flag. Being an essentially American order we place the flag of our nation first upon our altar."

Third Great Fight. In the present crisis the fullness of its history and the glory of its prophecy surge upon our minds. It means that there are some things in America that are better than those 'Made in Germany.' We are now proposing to put these things on the international market and we have an idea that the business in them will follow the flag. That flag has been on the firing line many times. Americans have always fought well when they have had to fight. But America's greatest gift to the world has not been in her fighting. Her triumphs of peace have been a larger factor in the world's history than all her victories of war. She has taught the world that men can live without kings. Now she will help teach the world that men cannot live safely with kings."

"The three colors of the flag stand, however, for three military experiences. First, the winning of a war against British tyranny. Second, the winning of a war against American slavery. Third, the winning of a war against German autocracy, now under way. The first of these emancipated the white men of America. The second emancipated the black men of America. The third will emancipate all men of all civilized nations on the face of the earth. Germany included."

"Individual German Our Brother." "First upon our altar, Elks have adopted the flag as emblematic of the cardinal principle of our order, charity. The faults of our brothers we write upon the tablets of love and memory. This makes our fraternal conception of the flag especially emblematic of the spirit of America in this conflict. We have no song of hate upon our lips. The German is our brother also. He has been driven to fight in the things for which America has fought in other days have found no better soldiers on our soil than those who either directly or indirectly came from the German fatherland."

"Germans in America came here to get away from the thing that makes us fight Germany now. They escaped by emigration. But German autocracy now challenges the world. America cannot escape by emigration. She has no place to emigrate to except off the earth. And Germans are here."

FINE WEATHER PROMISED SOON BY THE FORECASTER

FAIR TONIGHT AND WARMER SATURDAY AND SUNDAY.

The weather forecast for Chicago and vicinity: Fair tonight and Saturday; warmer Saturday; moderately northerly winds becoming variable by Saturday morning and shifting to southerly; Sunday fair with mild temperatures.

Sunrise, 4:14 a. m.; sunset, 7:27 p. m.; moonrise, 1:44 a. m. Saturday. Temperature for 24 hours preceding 12 o'clock today: Maximum, 53; minimum, 44; mean, 49; normal for the day, 66; deficiency since January 1, 518.

Beacon Lights

So far as is known persons at the circus last night saw performers blowing off steam for the first time. Fire-eaters have been seen before, but nothing like human steam engines. The weather man was in charge of this show feature.

TO HOLD SHOW OF USED AUTOS

First Display of the Kind to Be Staged at the Armory June 21, 22, 23.

Aurora's first used automobile show will be held at the Aurora armory June 21, 22 and 23, and will be under the auspices of the Aurora Automobile Trade Association. The show will be confined to used cars and its object will be to clear of the number of cars of this type which are in the hands of local dealers. Some extraordinary price values are promised and it is more than likely that a number of automobiles will be staged as a diversion for spectators.

Display Used Cars. The plan was broached at a recent meeting of the local trade association, and a number of plans to meet the used car situation have been offered to the association by various members and individuals, the special show idea seemed to offer the greatest possibilities for success. Virtually all the dealers in Aurora will show the greater part of their stocks of used cars at the exhibition, and it is believed that with the special price inducements which will be made that most of the cars will be sold at the show. As each dealer is limited to three cars exhibits and it is almost certain that all will avail themselves of the maximum, the total number of cars on display at one time will be more than 60.

List of Exhibitors. The following is the official list of exhibitors: Aurora Motor company (C. H. Solisburg); A. C. Berthold company; Cadillac; Coates Garage; Hudson; Central Garage; Buick; Kane County Auto Sales company; Oldsmobile; Ross McDowell; Chalmers; Saxon; River Street Garage; Ford; W. S. Wagner; Chandler; Robert H. Kendall; King and Chevrolet.

Lester Stanley; Sciarra; Arnold's Garage; Paige, Federal; L. F. Cutler; Dodge. May Show Other Cars. The foregoing list does not include all the cars which will be exhibited, however, as each dealer is allowed to show any car he chooses. The special show made up of the individual dealers who desire the opportunity of showing the best used cars they have in stock. Vacancies in the spaces caused by the sale and delivery of cars will be refilled daily by dealers. Cars sold will be removed from the floor each day, and the dealers will have the privilege of filling their places with other used cars of their stock.

BURGLAR SENTENCED

[By Associated Press Leased Wire.] Chicago, June 15.—"John C. Smith" will start serving a term of from one to 14 years in the reformatory at Pontiac, Ill., today, for committing, according to his confession, from "one to 25 burglaries." "Smith" refused to reveal his right name as he did wish to bring sorrow and disgrace to his family. His father and sister, unknown to the court, were present at the trial yesterday, but their identity was not revealed. "Smith's" burglaries are said to have totalled in the neighborhood of \$30,000. He is a graduate of a Chicago high school and attended the state university at Urbana.

Lord Rothermere Refuses Post.

[By Associated Press Leased Wire.] London, June 15.—Some of the morning papers say that Lord Rothermere, brother of Lord Northcliffe, has refused the post of controller-general of the news. The original post of £5,000 may be increased to £6,000, according to information given out at headquarters this morning.

Where to Enroll in the Red Cross

Red Cross Headquarters, Terminal Building

Beacon-News Office

Island Transfer Station

Elk's Club

At the headquarters of the local chapter of the Red Cross in Main street this morning it was said that over 1,500 members to date have been enrolled. The work of the 22 precinct captains and their workers in the city-wide canvass is very encouraging, one of the committee said this morning.

The campaign opened last Wednesday morning and since then new names have been pouring into the headquarters every day. Eight thousand names have been purchased and will be sold to the members. It is estimated that the original goal of 5,000 may be increased to 8,000, according to information given out at headquarters this morning.

The War Spirit

William Dally and Joe Groshans, stove works employees, who joined the navy last Monday, are quartered on the training ship Commodore, in the lake at the foot of Randolph street in Chicago. "We are with the finest bunch of fellows I ever met and are getting along fine," Dally wrote on a postal card received today. He wants his friends, especially the Commodore, to write, addressing the S. S. Commodore, foot of Randolph street, Chicago. Dally was declared by the examining physician one of the most perfectly built boys who has joined the navy.

John Christensen of Farnsworth avenue was unable to pass the examination for the army yesterday.

Bert Handie, who gave his address as Philadelphia, enlisted for the army last night with Corporal Polin. He was a member of the Sells-Floto shows, and exempt from draft, being 35 years old, but he claimed he wanted to fight.

The following letter was received by Corporal Polin this morning from Captain Kenney, in charge of the Chicago district army recruiting:

"Applicants for enlistment in the British and Canadian military forces are to report at the Chicago office. Married men are accepted in this service."

James Paul, Francis Kirby, and Arthur Falke, of Aurora, and Paul Whitford of Waterman, are today east bound on a special train from Phoenix, Ariz. The boys are members of the Sixth field artillery. "We are going to France and will write when we get to — from where we are to —"

Paul wrote to his parents, Mr. and Mrs. James R. Paul, 311 Oak avenue. The four boys enlisted here in April and left with the first delegation of West High school boys.

Two chum employed by the Burlington railroad as linemen signed up for the navy here today. Both want to war together. They are Mark Leo Guilfoyle, 19 years old and Ronald Leo Curran, 22 years old. The former gave Waukegan, Ill., as his home and the latter Alhambra, Cal. They went to Chicago today to take their final physical examinations after passing the preliminary examinations in Aurora.

Recruiting Officer McDuffy of the local navy recruiting station received a letter today from Russell Shufelt and George Thalhammer who enlisted two weeks ago and are now at the Great Lakes training station. They said that they and Albert Williams Moore of Sugar Grove, were on their way "south." "All the boys from Aurora are well and happy" the letter says.

John A. Cheney 154 Center avenue a motorist on the Yorkville line of the A. B. & C. railroad was written to the government authorities for permission to organize a home guard here. Cheney spent 13 years of his life in the navy and three years in the army. If given permission he will at once start organizing his guard.

COL. ROOSEVELT WAVES HAND TO AURORA CROWD

On his return from Lincoln and Omaha, Neb., where he has been speaking in the streets of liberty bonds, Col. Theodore Roosevelt passed thru Aurora this afternoon at 1:30 o'clock on his way to Chicago. At Princeton the colonel went into the dining car and when the train reached Aurora he was riding in the sleeper. At the local Burlington depot a few who knew he was coming gathered. "Today," seeing them on the platform, waved a hand out his face as he looked out into the headquarters of the great built mannequin of 1917.

F. J. Finnegan, traveling passenger agent of the Pennsylvania line, got on the train at Princeton and seeing the colonel, with whom he is well acquainted, rode thru to Chicago with the former president and had dinner on the train with his party. At Burlington, Iowa, a large crowd was waiting on the station platform and Col. Roosevelt made a short address.

Elgin's Total \$443,550. Elgin's subscriptions to the Liberty loan totaled \$443,550 with 3,349 purchasers. Of the amount subscribed the banks got \$205,500. Elgin's quota was \$500,000.

St. Charles Takes \$125,000. St. Charles subscriptions in that city alone totaled about \$125,000, the report of Frank Rockwell, chairman of the Liberty loan bond committee of that city. Mr. Rockwell said that an accurate report could not be secured today. Some St. Charles residents subscribed in Chicago before knowing that St. Charles banks would handle the bonds. Mr. Rockwell estimated that St. Charles persons have made \$125,000 of the bonds. The St. Charles quota was \$125,000.

Batavia's Total \$100,000. Batavia leads the tri-cities in the Liberty loan subscriptions at noon today with a total of \$100,000 of the war bonds already subscribed for. Jones and ex-Rep. Nicholas L. Johnson led in the campaign there.

Geneva Takes \$80,000. Geneva's subscriptions of the week totaled \$80,000. The quota was \$80,000. "It was reported, however, that Geneva persons had subscribed for at least \$50,000 in Chicago before knowing that the bonds would be on sale in Geneva. Geneva's total is believed to be about \$80,000.

Q. Workers Take Bonds. Employees of the Burlington railroad company in the Aurora office and shops have been responding liberally to the subscriptions for Liberty bonds and it is thought that the expectations of the company will be far exceeded when the amount subscribed is known. Burlington employees are taking the bonds thru the company, which deducts from the pay each pay day a small amount. It is estimated that employees in the depot and in the offices of Division Superintendent C. D. Peckinpaugh have taken over \$40,000. In one section of the shops alone over 200 men have taken out the \$50 bonds. These have been subscribed thru the company, while many of the employees have taken bonds thru other sources. The Burlington company itself took out \$5,000,000.

AURORA'S LOAN ABOVE \$800,000

Eleventh Hour Rush to Buy Liberty Bonds Swamps All Local Banks.

BANKS ALONE TAKE \$765,000

Aurora will take over \$800,000 of Liberty loan bonds it was decided this afternoon as eleventh hour customers made a belated rush on banks. The allotment for Aurora was \$750,000. The final spurt this morning, the last half day in which the bonds could be subscribed for forced banks to put on extra forces of clerks. The First National bank which first subscribed for \$100,000 in recent days increased its order to \$125,000 and then to \$150,000 hastened to get \$25,000 more this afternoon bringing its total to \$175,000 the same as that of the Old Second National and the Merchants National banks.

At the German-American National bank, last hour subscribers, fearing that the subscription might be closed before they got bonds, made frantic requests over the telephone that bonds be held for them. Peter Riehl, president, said that it would probably be necessary to order another block of \$25,000.

Banks Take \$765,000. At least \$765,000 has been subscribed for by local banks for distribution to customers as follows: Old Second National \$175,000 Merchants' National 125,000 First National 125,000 Aurora National 100,000 German-American National 100,000 Aurora Trust 15,000

All local banks are hard at work checking subscriptions and were unable to give the total number of subscribers today. The number is about 3,000 it is estimated.

Some Factories Not Listed Yet. Some factory reports are not yet in and others who have been already reported have increased their subscriptions. The Richards-Wilcox Manufacturing company, which had \$14,000 this morning increased \$1,000 during the course of the morning, bringing the total to \$15,000.

The Rev. A. M. Loth, pastor of St. Paul's Lutheran church, made a personal campaign among Americans of German origin to get orders, and subscriptions at the German-American National bank took such a jump this morning.

Employees of the Western United Gas & Electric company took \$9,000, distributed among about 125 employees.

Others Credited to Aurora. Figures on the subscription of the Chicago Telephone company, the Burlington railroad shops, and express offices, which will go direct to the main offices of each company in Chicago, but will be credited to Aurora's quota, were not obtainable today. It is estimated that it may take three or four days to receive definite figures.

Elgin's Total \$443,550. Elgin's subscriptions to the Liberty loan totaled \$443,550 with 3,349 purchasers. Of the amount subscribed the banks got \$205,500. Elgin's quota was \$500,000.

WOMEN FOR MEN IN PLENTY, COURT SAYS

[By Associated Press Leased Wire.] Berlin, June 15.—The German forces at two points on the front in Belgium is reported in today's official statement. The Germans were pressed back by the British between Hollebeke and the region of the river Meuse and also southwest of Warneton.

Another British Blow. London, June 15.—The British struck another blow last night on the front near Messines, the war office announced. They gained all their objectives—advancing south and east of Messines and astride the Ypres-Comines canal.

The British now occupy the former front trenches of the Germans from the river Lys to the river Warneton. As a result of last night's operations and constant pressure exerted, the British have advanced their line from 500 to 1,000 yards on a front of seven miles.

French Drive For Back. Paris, June 15.—Reconnoitering parties were sent out by the Germans last night in the Verdun sector at Hill 204 and on the heights of the Meuse, the war office announces. They were caught under the French fire and dispersed.

ALL SMALL SUBSCRIBERS WILL GET THEIR BONDS

Altho the Liberty loan has been over-subscribed by many millions of dollars the small subscribers will get the bonds they applied for, bankers said today. The allotments for big subscribers will be cut. The small subscribers will be given the preference because of the wish of the government that the bond be made a popular one. Only the \$2,000,000,000 of bonds offered will be issued at this time, making it necessary to reject some subscriptions in part.

"I am sure that all of the people in Aurora who have subscribed will receive their bonds," a local banker said this afternoon. "When the government begins cutting the big subscribers will be the ones affected. The little fellows, persons who made applications for small amounts, will receive their bonds. It is probable that there will be a call for another

war council, told the Washington
chapter of the Red Cross society.

"I wish for no ill," he said, "but I
hope and pray that whatever may be
needed to arouse us to a sense of
sacrifice and cleanse us from our
selfishness will come to us."

Mr. Davidson expressed doubt if
more than 1 per cent of Americans
"realize that we are today not only
fighting for the principles upon
which our republic was founded, but
for our very existence." People of
England and France also were slow
to change their minds early in the
war, he said, but now "it seems as if
their affection and regard for man-
kind had immeasurably increased.
They seem to be without malice or
design, envy or jealousy, without
sordid ambition—to be living on a
higher and better plane. Even with
their terrible sorrow and suffering
they seem to be stronger and surer
and more content to meet whatever
may be given them to meet."

Purified by Fire.
"The process of fire which has thus
purified them has been for our
account as well as their own."

"I hope you will not think me an
idealist," I was never more practical
in my thought. It is perhaps an
appreciation of this that has caused me
to go to the Red Cross."

"For I firmly believe that thru the
Red Cross we cannot only render a
service to the people of our allies,
but we can bring forcefully to our
own people a sense both of their
obligation and of their opportunity,
and I am optimistic enough to believe
that the men and women of this
country will in a not far distant
time, rejoice in sacrifice—in real sac-
rifice—and demand that the Red Cross
shall carry to the peoples their liv-
ing of all our allies the heartfelt ap-
preciation of what they have done
for us, and express such appreciation
by every possible aid and support
within their power to send."

SAY U. S. ENTERS WAR TO AVERT BANKRUPTCY

(By Associated Press Leased Wire.)
Berlin, June 14, via London, June
15.—Under the caption, "submarine
warfare and war costs," the North
German Gazette has the following to
say:

"In none of the warring countries
has the question of war costs at-
tracted that degree of attention one
was previously led to believe it
would. One is almost inclined to as-
sume that the higher the war costs
mount the less attention they arouse
and Lloyd George's word concerning
the last silver bullets probably will
never come true."

"The entrance of the United States
into the war is accounted for in no
small degree by the circumstances
that they long since became the
creditors of our enemies, whose
bankruptcy they now are approaching
and desired to avert as far as possi-
ble."

QUITS IRELAND TO COME TO AMERICA TO ENLIST

Washington, June 15.—There's a
little spot in Ireland that Michael
McNamara had in his "mold's eye"
for a long time—30 years, in fact.
All that time Michael was obeying
orders, drilling, campaigning, and
doing the hundred-and-one things
that fall to the lot of the American
marine.

Michael finished his time, retir-
ing with the rank of "Sergeant Major,
no less," and went back to that little
spot in County Mayo.

Then came his participation in the
war. Michael stayed retired? He
did not! He came right back to the
S. S. St. Louis, paying his own
fare, and went directly to the U. S.
marine corps headquarters to volun-
teer his services.

McNamara could have signed up
with some Irish regiment for de-
spite his fifty-odd years, he is still
a "young brood as a boy." Instead,
he braved the submarines to fight
under the flag that for 30 years he
had called his own.

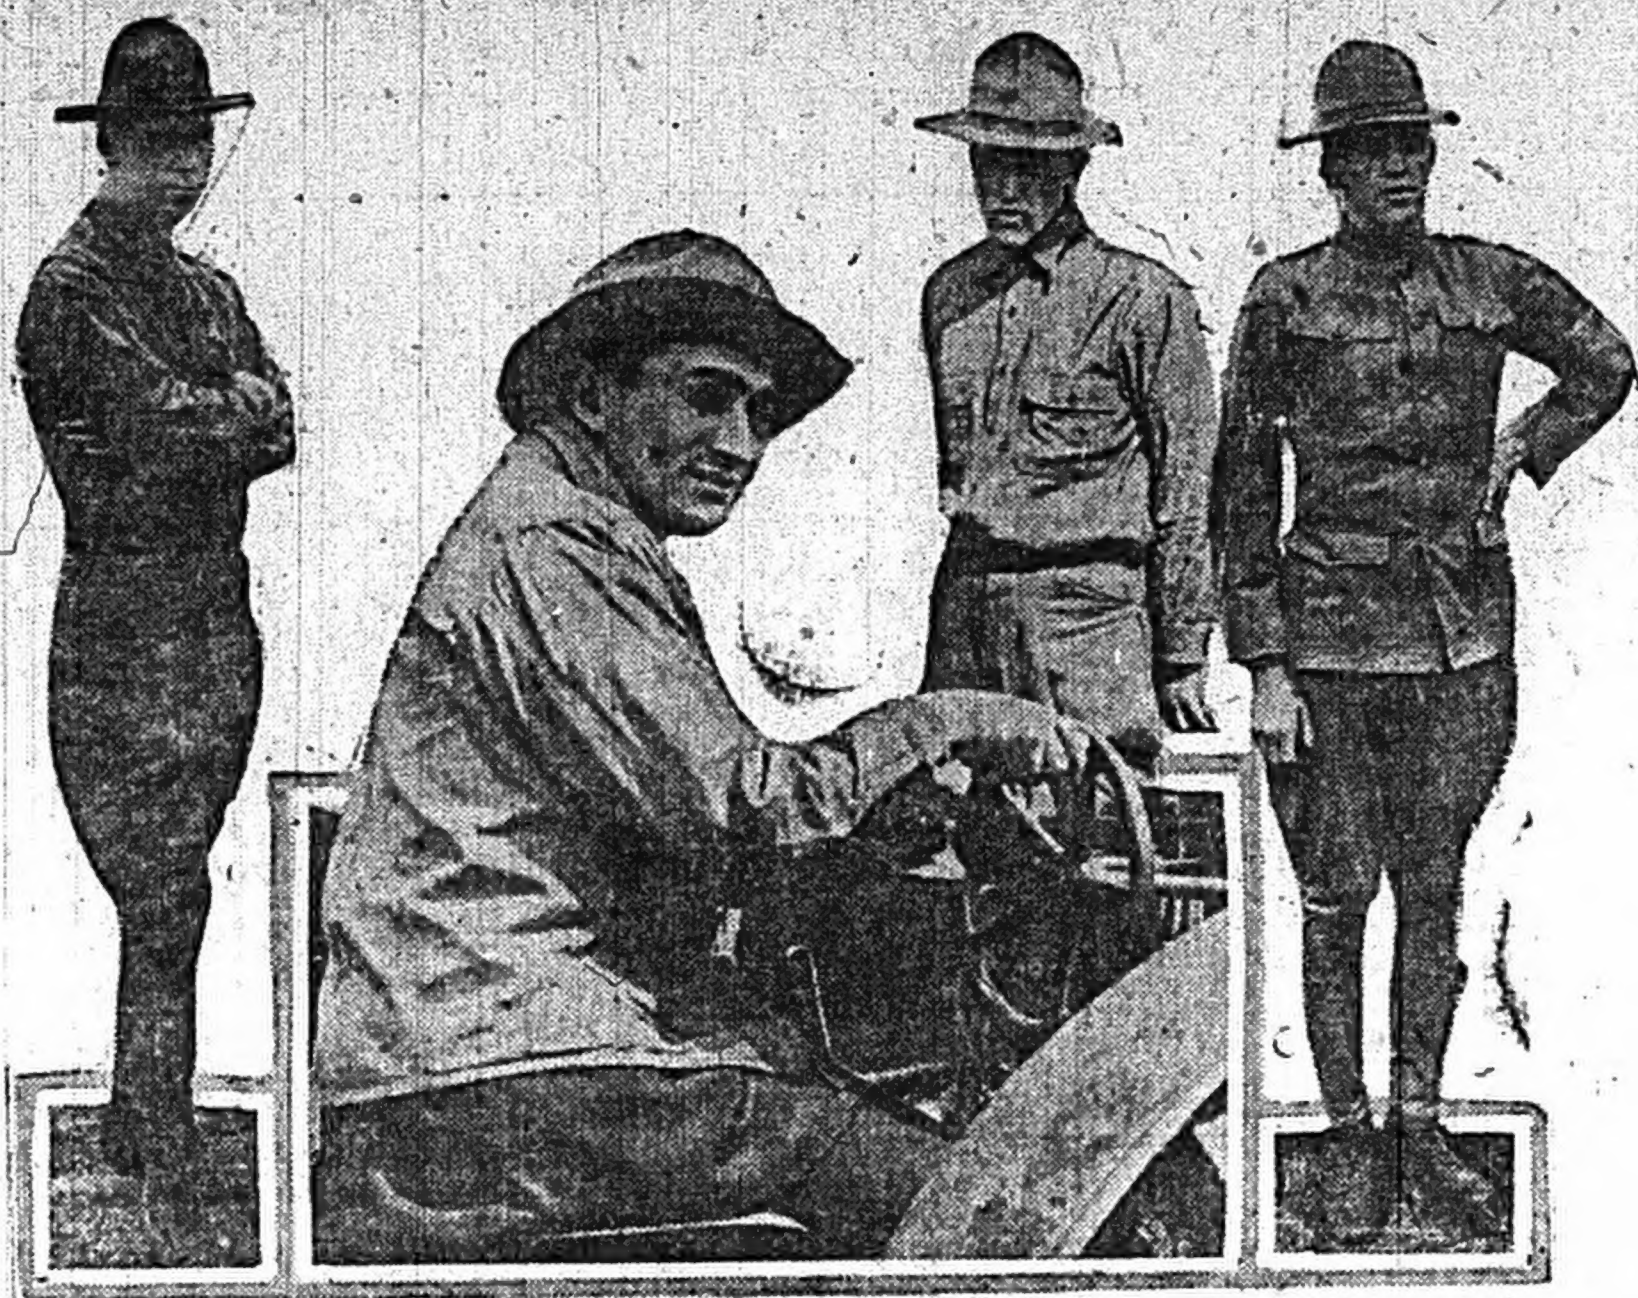

Michael has a bit of the stuff of
which loyal Americans and heroes
are made.

Four French Ships Sunk.

(By Associated Press Leased Wire.)
Paris, June 15.—Four French ships
of more than 1,600 tons, one under
that size and three fishing boats,
were sunk by mine or submarines
during the week ending June 14. Six
ships were unsuccessfully attacked
during the same period, while 1,024
vessels of all nations entered French
ports and 1,015 left.

Sons of Chicago Packers in War Training

Many of the sons of Chicago's most prominent business men are among the several thousand students at the officers' training camp at Fort Sheridan, Ill., graduates of which camp will be commissioned to command the new conscript armies. In the accompanying pictures are shown four of the sons of wealthy packers. They are Michael Cudahy, E. A. Cudahy, Ed. Morris and Louis Swift.

FORMER BIG ROCK WAR VETERAN DIES IN WEST

Big Rock, Ill., June 15.—Capt. John B. Belfrage died at his home at Sergeant's Bluffs, Iowa, May 12. He was born in Liverpool, Scotland, June 16, 1837, and came to America in 1855, living at Aurora and Big Rock, Ill., for some time. He served in the civil war four years. He then married Elizabeth Jones of Big Rock, going to the state of Iowa, where he has since resided. Three sons and two daughters survive him, and several grandchildren.

Captain Belfrage held many offices in his home town, being overseer of the poor at Sioux City three years, and member of the soldiers' relief commission. He possessed an excep-
tional army record with written en-
dorsements of his military service
from Brig.-Gen. Daniel D. E. E.
Judd, Chaplain of Aurora spent
Tuesday here.

Mrs. J. Elder had Mrs. Stokes left
for Aurora Tuesday evening.
Elsie and Iva Dick visited Mrs.
Rose Scott Friday at Kaneville.
Dr. Ellner Thomas of Aurora was
at the home of his parents Tuesday.
Dr. Dreyer of Aurora was here
Tuesday afternoon at the home of
Ralph Jeter.

Mrs. Clara Judy of Austin came
Tuesday evening to the home of her
parents, Mr. and Mrs. F. Seger to
spend a few days.

Mr. and Mrs. Ralph Jeter are the
proud parents of a little daughter
born June 12. Mrs. Pierce of Kane-
ville is attending nurse.

Miss Ina Nelson, daughter of Mr.
and Mrs. Perry Nelson, underwent an
operation at Aurora hospital, Tues-
day. Her father visited her Wed-
nesday.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots.
How to Remove Easily.

Here's a chance, Miss Freckle-face,
to try a remedy for freckles with the
guarantee of a reliable dealer that it
will not cost you a penny unless it
removes the freckles; while if it does
give you a fair complexion the ex-
pense is trifling.

Simply get an ounce of ointment—
double strength—free from any drug
and a few applications should show
you how easy it is to rid yourself
of the home freckles and get a
beautiful complexion. Rarely is more
than one ounce needed for the worst
case.

Be sure to ask the druggist for the
double strength ointment as this is the
description sold under the guaran-
tee of money back if it fails to re-
move freckles.—Adv.

Appreciations from dentists who have personally proven Senreco.
Names on request.

Birmingham, Alabama, Mar. 20, 1917.
I am using Senreco myself. Gums have improved wonderfully.
Rochester, N. Y., Feb. 7, 1917.
I find Senreco a great help in my work.

Chicago, Ill., Mar. 10, 1917.
I find by twelve months' personal use and from my observation of results ob-
tained from the use of Senreco that soft, spongy gums which fall to respond to other
treatments have at once shown marked improvement.

Philadelphia, Pa., Jan. 22, 1917.
Senreco actually improves the condition of the gums by reducing inflammation.
I highly recommend it.

Columbus, Ohio, Oct. 20, 1916.
I find Senreco very beneficial.

Chicago, Ill., April 7, 1917.
I am using your excellent tooth paste in my home and the other members of
my family have given up their old-time favorites for Senreco.

Buffalo, N. Y., Oct. 18, 1916.
Am well pleased with Senreco—so are my patients.

New York City, Mar. 27, 1917.
Senreco is the best tooth paste in use this day.

FRIENDS AND RELATIVES SUR-
PRISE MR. AND MRS. KIEHL.

Sandwich, Ill., June 15.—A pleas-
ant social event took place at the
home of Mr. and Mrs. John Kiehl
Tuesday when at 11 o'clock about
forty of their relatives and friends
with well-filled baskets, called to re-
mind them that 40 years ago they
were married and started out on life's
journey together. After dinner a so-
cial was enjoyed. The Rev. W.
E. Kern, on behalf of the company,
presented Mr. and Mrs. Kiehl a roll
of bills.
The departing guests left hosts of
good wishes for many more such
anniversaries.

Miss Hester Stinson of Chicago is
enjoying a visit at her home in this
city.

Mrs. Margaret Moodle Shephard of
Detroit, Mich., is visiting her parents
for a few days.

Dan Dickinson Jr. is home from

so neutral in color that they are wonderfully
smart with almost any style of frock. One
of the prominent features of this display is
an exceptional moderate price throughout.

New "Restwell" Pillows in the Home

The Restwell pillows are perfectly clean
and sanitary. We recommend them because
we know that they not only contain new
feathers but the feathers that go into the
Restwell pillows are made sanitary and safe
by the wonderful process of electrical treat-
ment, thoroughly cleaning every feather
quill, and furthermore the maker of Restwell
pillows will not use old feathers and advise
but one treatment for them and that is to
burn them up. Note our special window
display and be sure to visit this department
and inquire just how it is possible to offer
a pillow of this value at the same popular
range of prices that any other pillow of less
value may be found.

—Restwell pillows, pair, \$1.25 to \$8.50.

CASE ORDERED DROPPEDTheodore Gingenos of St. Charles
was today freed of an alleged charge
of kidnaping a Geneva girl nine
years old. The charge against him
was ordered dismissed by State At-
torney Charles Abbott after he heard
evidence. Attorney Harry Hanson of
Geneva represented Gingenos.
Gingenos was arrested at Steuben-
ville, Ohio, and was brought back to
Kane county by Deputy Sheriff
Claude Poole. It was charged that
Mrs. Charles Joslyn, stepmother of the
nine-year-old girl, was with Gingenos
and the girl while they were away.

News in Brief

Close Freight House Earlier.—In
order that Burlington employees will
have more time to clean up the
freight house the railroad has issued
orders that the local freight house
will close Saturdays at 1 o'clock and
on week days at 4:30 o'clock instead
of 5 o'clock as at present. The order
will become effective tomorrow. "It
will give the men a half hour to clean
up the place and better conditions
generally." A. M. Young, freight
agent, said his afternoon when asked
the reason for the change.Aurora Craftsmen Work on Har-
rack.—Fifteen Aurora carpenters
and plumbers are now in the army of
workmen at Rantoul, 14 miles north
of Champaign, where the government
aviation school is located. Plumbers
and carpenters from all over the state
are there working on the aviation
plant. Word has been left in Aurora
to send all the carpenters and plum-
bers that are available to that place.
The work is reported to be held up
there now on account of lack of ma-
terial and that many of the trades-
men are out of work there waiting
the arrival of material.

Washington, June 15.—Since Amer-
ica's entrance into the war at least
20,000,000 people of the country have
been reached by publication of the
department of agriculture leaflets on
the food problem. Assistant Secretary
Trooman announced today.A bulletin on small vegetable gar-
dens has attained a circulation of
more than 1,000,000 copies and 250,000
circulars on canned fruits and jellies
have been distributed. Posters con-
taining President Wilson's appeal
against waste in food have been sent
to 1,250,000 farmers and house wives.CUT MILLION FROM STATE
"OMNIBUS" APPROPRIATION(By Associated Press Leased Wire.)
Springfield, Ill., June 15.—With
amendments cutting approximately
\$1,000,000 from the \$19,000,000 report-
ed by the house, the senate today
passed the omnibus appropriation bill,
which carries the money for the war-
ious state departments for 1917-1918.
Conferees of the two houses will meet
to reconcile disagreements.

SINN FEINERS SEEK OFFICE

(By Associated Press Leased Wire.)
London, June 15.—The Sinn Fein-
ers of East Clare have decided to
contest the seat in parliament vacated
by the death at the front of Ma-
jor William Redmond. They have
chosen as a candidate Edward De
Valera, formerly a professor in Dub-
lin university and sentenced to death
for his connection with the Sinn Fein
revolt. His sentence was commuted
to penal servitude for life and he is
now in jail.

from New Orleans. The visitors were
met by a citizens' committee headed
by Mayor Ashcroft.

CURB FT. SHERIDAN GUESTS

(By Associated Press Leased Wire.)
Fort Sheridan, June 15.—Visitors to
the reserve officers' training camp
here on other days than Saturday and
Sunday are not wanted. At a meet-
ing of the regular officers last night
the instructors were told to notify
their students that each time a vis-
itor calls on a "prohibited day," a
black mark will go down against the
student, not on paper, but in the
mind of the regular army captain who
one called on belongs. There are no
sentries to keep visitors away, and
this method was devised to discour-
age visitors at a time when the at-
tention of the students is required at
their tasks.

JAIL 100 SHIRKERS

(By Associated Press Leased Wire.)
Chicago, June 15.—About one hun-
dred shirkers are in Chicago jails to-
day to answer charges before United
States Commissioner Mason of having
failed to register under the draft law,
June 4. The arrests came in an all
day and night drive by the police to
round up the men of military age
who had not registered. Altogether
approximately 200 men were brought
in by the police, but about one-half
the number gave satisfactory reason-
s—why they should be released.Rock Island Takes Millions.

Aurora Society News

"Well, well, it's pretty nice," it was said, "it's pretty nice," murmured dear old "Dad" Weston, W. H. S. Weston of the gas company. He said it and many other words in a sort of surprised way this morning as it became apparent to him that many had recalled the fact that today marked the sixtieth anniversary of his birth and his handsome grey haired wife.

Mr. and Mrs. Weston were sitting quietly in their home on the second floor of 34 Fox street awaiting the time when they would go to the home of their son, Clifford Weston, for luncheon. Suddenly there came a knock at the door and in walked the first of the great delegation of officers and employees of the Western United Gas & Electric Co. both of general and local offices. This man whose association with the gas company covers a period of nearly fifty years, was honored by Congressman I. C. Conley, president of the company to the extent of an order which gave leave of absence to every employee of the gas company in the city for the purpose of calling and extending congratulations to him and his wife. Not only that but upon a table rested a gift which represented not only material wealth, but the affection which brought much to the eyes of the aged man—a large card upon which were inscribed the names of all the employees of the gas company, each with an inscription showing that the gift was from the company and associated employees.

It was an occasion not soon to be forgotten—the quiet little gentleman with his kind eyes and his softly waving grey hair, surrounded by young and old, for he is known "Dad" Weston, on not only the history of the company's growth from the first gas pipe to the last meter, but has also the slacker of heart which wins deep love from his gas company associates down to the youngest "trouble shooter" in the organization. Miss Helen O'Meara, the auditor of the company, William Willlett, assistant general manager, Fred Pierce, superintendent of the electric department, Frank Robinson, manager of the local office, and other officers of the company were present, the fact that several of the young girl employees threw their arms around his neck and kissed him heartily.

William Weston married Sarah Lee way back in 1857, the marriage taking place in Chester, Vt. After coming east they lived in Galesburg, where Mr. Weston was employed with the late Maj. Richard Whitting in the gas business, and when Major Whitting and the late I. E. Copley built the Aurora gas works—Mr. Weston came to the place from which he has since his departure from the gas business. He is now 84 years of age, his handsome, well preserved wife, 81. He is in good health to the joy of the gas employees of years' association who watched his brave struggle with pneumonia a number of years ago and his return to health.

Mr. and Mrs. Fred Negro of College avenue attended the commencement exercises of the Chicago Musical college in the auditorium, Chicago, last evening. Their son, Harry, band leader at Moonheart, graduated in the department of cornet, harmony and composition. The graduation was

witnessed also by a number of Chicago relatives who watched this too-er receive a certificate entitling him to become an even better tutor.

Black Water Women Meet.
The Women's society of the Park Place Baptist church met yesterday at the home of Mrs. Anna Kehm in Illinois avenue. Mrs. Edward Copelin assisted. Mrs. George Elsenhuth had charge of the devotional service. Mrs. T. E. Jones read two articles "Heroism in the Christian Conquest" and "Peace and the Kingdom" while two readings were given by Grace Pearce. A social hour followed with refreshments.

Red Cross Unit.
The women of Trinity church have formed a Red Cross unit and will meet in the parish house every other Wednesday to sew. The first meeting was held Wednesday with 50 women of the church present. The Rev. P. E. Brandt presided and a talk was given by Mrs. Sarah Fritz. Miss Fanny Howe was elected chairman; Mrs. George Dienst, vice-chairman; Miss Wilma Hoag, secretary; and Mrs. John Pindley, treasurer. All day meetings will be held with luncheons served at noon.

For Miss Pollin.
Miss Olga Koerfer entertained last evening in honor of Miss Ruth Pollin who is to be married soon. Five hundred was played, high score being won by Miss Madeline Heinz and all the cut by Miss Loretta Pollin. Luncheon was served.

Loyal Twelve Meet.
Mrs. Frank Chapin, who has often substituted at cards with the Loyal Twelve club, entertained the members yesterday at her home in South avenue. At cards Mrs. C. P. Francis, Mrs. Samuel Abbott and Mrs. William Henderson won the scores. Luncheon was served later. Mrs. Abbott, who has also substituted many times, will entertain the club in two weeks.

Galeana Boulevard M. E. Church.
The Women's Foreign Missionary society of the Galeana Boulevard Methodist church met with Mrs. L. R. McCreery in Spruce street yesterday. Mrs. L. Banker had charge of the devotional services after which Mrs. George Davidson sang two solos. Mrs. E. J. Gunn being absent, the Rev. D. D. Vaughan took her place on the program and gave a talk on "Our Missionaries." Mr. Vaughan stated that a movement is under way to have the missionaries return after five years' service instead of seven owing to the extreme hardships which they have to endure.

For Dewey Lake Fund.
The young girls of the Y. W. C. A. are to give two clever plays this evening in the Y. W. C. A. auditorium for the purpose of raising funds for the annual meeting at Dewey lake. The little plays are "A Perplexing Situation" and "How a Woman Keeps a Secret." Miss Gladys Jennings, accompanied by Miss Clara Ernst, will sing.

One O'clock Luncheon.
Mrs. Fred Simpson of Downers Grove, formerly of Aurora, gave a luncheon yesterday. Among the

guests from Aurora were Mrs. Ralph Foucher, Mrs. John Scholten, Mrs. William Burkhardt, Mrs. Ralph White and Miss Lea Taylor.

Informal at Country Club.
The regular informal dancing party will be held at the Country club Saturday evening. These informal dances seem to be immensely popular.

Bridge Party.
Mrs. S. E. Miller entertained a few guests informally at bridge Wednesday afternoon. Tea was served at 5 o'clock.

May Go Away.
Mr. and Mrs. Clyde Hall, whose daughter Sybil has been in failing health for some time, have been contemplating taking her to Arizona, although this has not been definitely decided. Sybil is a very dear little girl, a member of the West High graduating class, and a wide circle of friends long for her recovery.

The Navy League.
The woman's section of the navy league have most business-like headquarters in the police garage, with long cutting tables, sewing machines, information desk, etc., and here everybody may go to work, or may take work home from said headquarters. As it most decidedly requires money to buy flannels, wool, etc., it is extremely desired that people come to headquarters, prepared to part with small sums of money for said purchases. Should people about Aurora be approached by those furthering the Navy league, it is urged that said people remember that the country is in a state of war and that the navy boys must be equipped.

The Red Cross Shop.
The Red Cross shop was open today, and will be hereafter both Wednesday and Fridays. It was impossible to secure any information this afternoon as to the same, as the answer was given in several instances that "Mrs. So and So is too busy to come to the phone." Reporters, however, willing, are not mind readers, and Red Cross shop people and all sorts of people should remember that what is sauce for the goose is sauce for the gander, and that where help of the newspaper is desired and received, proper aid should be given. This much is true—everybody is beginning to realize that the country is fighting—that some of the boys are already across the water—others going if not on the way, and that now is no time for anybody to sit back and register lack of interest.

Entertainers Elect.
Miss Katherine Karchner, whose marriage to Paul DeKings will take place June 27, at the Big Woods church, was given a granite shower last evening at her home in Mitchell road. There were cards and games, the scores going to Mrs. Peter DeKings. Matthew Schweichert, Miss Rose Michaels and Miss Margaret Wieland.

Juvenile Party.
The Epworth league of the First Methodist church will have a juvenile party this evening in the church parlors. All leaders and friends are invited to come, wearing juvenile costumes.

Mrs. S. E. Miller entertained a few guests informally at bridge Wednesday afternoon. Tea was served at 5 o'clock.

May Go Away.
Mr. and Mrs. Clyde Hall, whose daughter Sybil has been in failing health for some time, have been contemplating taking her to Arizona, although this has not been definitely decided. Sybil is a very dear little girl, a member of the West High graduating class, and a wide circle of friends long for her recovery.

The Navy League.
The woman's section of the navy league have most business-like headquarters in the police garage, with long cutting tables, sewing machines, information desk, etc., and here everybody may go to work, or may take work home from said headquarters. As it most decidedly requires money to buy flannels, wool, etc., it is extremely desired that people come to headquarters, prepared to part with small sums of money for said purchases. Should people about Aurora be approached by those furthering the Navy league, it is urged that said people remember that the country is in a state of war and that the navy boys must be equipped.

The Red Cross Shop.
The Red Cross shop was open today, and will be hereafter both Wednesday and Fridays. It was impossible to secure any information this afternoon as to the same, as the answer was given in several instances that "Mrs. So and So is too busy to come to the phone." Reporters, however, willing, are not mind readers, and Red Cross shop people and all sorts of people should remember that what is sauce for the goose is sauce for the gander, and that where help of the newspaper is desired and received, proper aid should be given. This much is true—everybody is beginning to realize that the country is fighting—that some of the boys are already across the water—others going if not on the way, and that now is no time for anybody to sit back and register lack of interest.

Entertainers Elect.
Miss Katherine Karchner, whose marriage to Paul DeKings will take place June 27, at the Big Woods church, was given a granite shower last evening at her home in Mitchell road. There were cards and games, the scores going to Mrs. Peter DeKings. Matthew Schweichert, Miss Rose Michaels and Miss Margaret Wieland.

Juvenile Party.
The Epworth league of the First Methodist church will have a juvenile party this evening in the church parlors. All leaders and friends are invited to come, wearing juvenile costumes.

For Dewey Lake Fund.
The young girls of the Y. W. C. A. are to give two clever plays this evening in the Y. W. C. A. auditorium for the purpose of raising funds for the annual meeting at Dewey lake. The little plays are "A Perplexing Situation" and "How a Woman Keeps a Secret." Miss Gladys Jennings, accompanied by Miss Clara Ernst, will sing.

One O'clock Luncheon.
Mrs. Fred Simpson of Downers Grove, formerly of Aurora, gave a luncheon yesterday. Among the

SCHOOL SAVES OUR DEMOCRACY

U. S. Form of Government Would Fall but for Education, Kessinger Says.

SPEAKS TO E. HIGH CLASS

There never was a class graduated on the eve of such a momentous time. Senator Harold E. Kessinger said last night in addressing the 75 graduates of East High school, "Never since the first class graduated in 1866, 51 years ago, just one year after the civil war, have such great responsibilities been thrust upon the shoulders of young people ready to take their places, out among the men and women doing the work of the world, as confront our country today.

"These young men and women are no longer boys and girls. They are practically men and women who are ready to take their places in the ranks of the world's workers, and tonight as we remember the condition of our country, remember the great problems and battles before us, as we think of the first class of this school graduating one year after the war of the rebellion, this thought comes to our mind, that the average age of the union soldier in the civil war was 19, that there were 200,000 young soldiers 16 years old, 25,000 drummer boys 12 years old.

"Dremons Best Part of Life. There is no more inspiring of beautiful sight than a class of young men and women just graduating with the great power of life stretching out before them. If any of the dreams that the rest of us have dreamed would come true in our life have been made, we hope they may be realized by them. We have laws in our country against killing a man, but I think there is one thing worse to kill the ideal, the ambition and the hope in the mind of the boy or girl, because when you take hope and ambition out of life, all men and women may keep on living, the best part of them is dead.

"There is nothing like friendship in the public school and high school. Life doesn't amount to much without friends. All their year life, whether you know much sunshine or experience stormy weather, there will be a call in your heart that you can't deny, because you have gone to school together.

"There are five institutions that these young men and women will have to deal with, the all men and all races, of all times have had to deal with. These five things are: government, business, family, education, and religion. And they are independent upon each other. We can't do away with any one of them any more than we can do away with the four fingers and thumb of the hand.

"There is one thing in America that makes the American different from the citizen, or such in any other country in the world, and that is this: In America it is not enough to know that every man will be skilled in some trade or an expert in some business. In addition every man is one thing more—he is a citizen.

"Church and School Save Democracy. Our form of government is not a perfect form just because it is a democracy. Such a form of government could be a very dangerous kind if it were not founded upon the church and the school. If the majority of the people in America were not literate, if they could not read and write, our form of government, instead of being the best, would be the worst in the world. There can be no permanent democracy in any land where the majority of the men and women of that land are not educated. It is important that the young men and women of our country have a part in directing the destiny of the state and nation. Our government is what it is because our people are what they are. It can be no better and it can be no more efficient than the majority of the people of our country.

"Become American Citizens. The sons and daughters of foreign people attend our public schools

but when these boys and girls leave the school, they have the love of free institutions stamped on their hearts but not as sons and daughters of Germany, France, or England, but as American citizens.

"The greatest hope of democracy is that the people of all countries will know each other so well that there will be a thing of the past. If there is any hope for that, it is a universal public school system throughout the world where boys and girls of all classes and all religions study together.

"America is the melting pot of the nations, and the one thing that has made America secure, the one thing that has solved the immigration problem. The greatest enemy that there can be to our people now is a man who would set church against church, race against race, or capital against labor. The greatest protection to it is our great American public school system.

"It is an absolute fact that there never was a time in all the history of this country that there were so many opportunities for training, and so few opportunities for unskilled men. You must know some one thing and know it well.

"All Can Become Specialists. Any one who will study 20 minutes a day on one subject can become an expert in that line in 10 years. Greater than anything else is will power. If each one who wanted success would be willing to put forth the effort he would attain it.

"I believe in every man and woman joining some church. The church cannot injure a man or woman. It makes them better. I belong to my mother's church. If you don't belong to any church, join the church of your mother."

"Girls Glee Club Sings. The girls' glee club under the direction of Miss Margaret Pusk sang charmingly. A quartet composed of Gladys Battagaglia and Donald McDonald, piano; Miss Zoe Kinnaman, violin, and Mrs. Alice Doty Wernicke, organ, played two Tchaikowsky numbers, "Arabian Dance" and "Russian Dance" (from the Nutcracker Suite).

The diplomas were presented to the class by President M. O. Southworth. Principal K. D. Waldo gave a farewell talk to the class. The benediction was pronounced by Rev. George Courrier.

GREAT LAKES STATION

INSPECTED BY ADMIRAL

(By Associated Press Lead Wire.)

Washington, D. C., June 15.—Admiral Benson, chief of naval operations, after a personal inspection of the Great Lakes Training station at Chicago, has reported Secretary Daniels that the conditions are very good and the morale excellent. Complaints had been made that the men were badly cared for.

Is He a Citizen

Is this man a citizen of the United States? Deputy Circuit Charles Farnham of Geneva, of the naturalization bureau puts the question. The man was born in Germany and when 18 months old was brought to this country. His father died when he was 7 months old.

When he was 27 months old, his mother married again and her second husband was a natural-born citizen of the United States.

When his mother married the United States citizen she automatically became a citizen of the United States.

The son of the woman believed that after his mother became a citizen he also automatically became a citizen.

The man voted at several elections and at a recent election was challenged.

Mr. Farnham inquired of a federal naturalization official and was told that the man is a citizen by virtue of his mother's second marriage.

Another naturalization official suggested that the man apply for citizenship and that when his case is heard he can tell his story and he will either have his case dismissed on the grounds that he is already a citizen or he will be granted citizenship papers.

WORTHY OF EMULATION.

Concerted action by the representative employers' organizations in the printing industry for the protection of the situations of employees called for military service during the war, is announced in an official circular made public by President Scott of the International Typographical union and Henry N. Kellogg, chairman of the special standing committee of the American Newspaper Publishers' association.

The international board of arbitration, which is composed of three members of the executive council of the International Typographical union and three representatives of the American Newspaper Publishers' association, has formally endorsed a provision to be included in all contracts hereafter entered into as follows:

"In cases where members of the International Typographical union enlist for active service in time of war, or members of the National Guard who may be ordered to war, their situations may be filled by the foreman. Provided, That upon reporting for duty the situations formerly held by these members shall be restored to them.

"The international board, in accepting the above section, includes under its provisions apprentices who are registered as such at the time of their enlistment or enrollment.

"The international board recommends that publishers and local unions parties to existing contracts entered into under the international agreement shall amend such contracts to include the section quoted."

The American Newspaper Publishers' association has approved the action of the international board of arbitration in the following resolution:

"Whereas, the international arbitration board has accepted that part of Section 127 of the International Typographical union laws of 1917 reading as follows:

"Section 127. In cases where members of the international board of arbitration, which is composed of three members of the executive council of the International Typographical union and three representatives of the American Newspaper Publishers' association, has formally endorsed a provision to be included in all contracts hereafter entered into as follows:

"That the executive council of the United Typothetae and Franklin Clubs of America, composed of employers who conduct the largest commercial printing offices in the country, has taken similar action in the following resolution:

"That the executive council of the United Typothetae and Franklin Clubs of America, in session assembled, recommends to its members that in all cases where employees leave the employment of its members to enter the service of the country for war purposes of any character, that such employees have their employment restored to them without prejudice at the termination of such war service."

Thirty-eight members of the International Typographical union who were members of the Canadian expeditionary force have been killed in the war. About five hundred members of Canadian typographical unions are now in active service with the allied forces in France, and more than 300 have so far enlisted in Uncle Sam's forces.

The international union thru its executive council has purchased \$50,000 of the liberty loan bonds. St. Louis typographical union No. 8 has subscribed for \$5,000; New York typographical union No. 6 has subscribed for \$5,000; Columbus typographical union No. 5 has subscribed for \$1,000; Muncie typographical union No. 232 has subscribed for \$200; Wheeling typographical union No. 79 has subscribed for \$2,000; Pittsburgh typographical union No. 7 has subscribed for \$2,000; Terre Haute typographical union No. 76 has subscribed for \$400; Louisville typographical union No. 19 has subscribed for \$300; Toledo typographical union No. 63 has subscribed for \$1,000.

GROWTH OF NATIONAL UNITY.

Conscription was a great step necessary to be taken. The American nation has calmly and soberly accepted the fact and enrollment of 10,000,000 men has taken place in a manner more orderly than any public operation ever undertaken. It was freer from disturbance than any ordinary presidential election.

From the viewpoint of long stretches of the country's history, our growth as a united nation is thus impressively demonstrated. Making up an army in revolutionary times was a matter of individual preference, with the discouragement of indifference and opposition on every side, and the sterling conviction that kept those sturdy patriots together and carried them thru to peace with victory, is one of the wonders of human achievement. But it was individual, rather than national initiative, which prevailed. Even in the civil war, the north was divided to the very end and when in the later period a deficient form of conscription was adopted, its execution was marked by bloody riots.

"That Chocolate-Colored Taste."

The four primary taste sensations are bitter, sweet, acid and salt; these are tested by putting on the tongue a solution of quinine for bitter; for sweet sugar; for salt salt; for acid vinegar. If these substances are not distinguishable by the tongue the sense of taste is impaired or absent. Such is the case sometimes in the diphtheria, facial paralysis, head tumors and injuries. Unhealthy conditions of the mouth affecting the taste buds (taste organs of the tongue) as a furrow or coated tongue; the action of irritating condiments as of pepper; a dry tongue—such things will lessen or abolish taste. The sense of smell plays quite a part in the production of the sensations ordinarily referred to the taste sense; so the latter may be noted in coryza, croup, nasal polypus and other affections of the nose which may tend to abolition of the sense of smell. Large doses of certain drugs, iodine, tartar emetic and the bromides, will blunt or pervert the sense of taste. Hysterical people and epilepsy sufferers are very prone to perversions of the taste sense. In jaundice the mouth is bitter; in biliousness the tongue is coated. When the tongue is furrowed or coated from any cause the taste is described as foul, sweetish or sour; gentlemen who more or less occasionally imbibe have been known to speak in the cold gray dawn of the morning after, of "that chocolate-colored taste."

QUESTIONS AND ANSWERS.

Why Neck.

Is. For some time I have been troubled with my neck. As soon as I put on a collar, no matter how loose it is, I begin to twitch my neck; and this seems to be getting worse all the time. If I walk any distance the weight of my coat gives me a pain in the right shoulder and arm. When I hold my neck far back there is a swelling on both sides, the not very noticeable. I have noticed a great many men jerking their head just as I do.

Answer—Your own ailment would appear to be torticollis, why neck; this is an affection due to irregular contractions so that the head is twisted. It may be a congenital ailment or it may be acquired, by reason of some disease of the muscular structures in the neck, especially of the "sternomastoid" muscle; or to inflammation of the neighboring parts; or the condition may be purely nervous. The treatment varies with the cause and this must in each case be ascertained by the family doctor. In very severe and long standing cases, certain nerves may have to be stretched by the surgeon or certain tendon fibres of the sternomastoid cut. I make absolutely no doubt of your statement. Nevertheless many of us get an impression which we seek to substantiate; and so we make observations which we unconsciously turn in favor of our prepossession. Assuming you are sound in your observations, you have indicated a curious example of imitation spasms. One child may for instance have real St. Vitus Dance—that is, chorea; then certain of her companions will pretty soon be seen going thru the same movements—that is, they have imitation chorea. All of which is a part of the great subject of psychic epidemics.

The Hair of Yesteryear.

I see by the paper that you will lend your aid to those who are about to become bald headed. My hair is coming out fast—something awful.

Answer—The mail is bringing you the best I know how, brother.

EVERYDAY CHIT-CHAT

(By RUTH CAMERON)

Why We Are Calm.

I've made a discovery.

At least it seemed like one to me.

The other day I was sitting in the dentist's chair. A weary decision hung in the balance—whether a tooth should be pulled or kept another year.

Now I have never in my life had a tooth pulled. And at the idea that that which I had often heard other people dread with that mild sympathy we always feel for other people's troubles, might actually be about to happen to me in the next few minutes, I was simply appalled.

seemed inconceivable. When my mother was a little girl and had been naughty and her father got the switch, she used to say incredulously, "What, you're not going to whip me, not me?" And that was the way I felt about the tooth.

And the Tooth Stayed In.

In the meantime the court having pried into the private affairs of my tooth, came to a decision. I needn't have it out.

A wave of relief went over me. I felt perfectly happy. To be sure, I should have to have that tooth out next year. And doubtless before my death I should have to have many more teeth out. But it didn't bother me one little bit. In fact so far as my feelings were concerned, that person who was to have her tooth put next year was quite another person.

The Reason We Don't Expect to Die.

And this, I think, I've often wondered why we feel so calm about death and bereavement and the various ills that by the laws of human existence simply must come to us. That is why. Because the "you" or "I" of the future is always another person to us.

Likewise the "you" of the past. Go back to the old school or college grounds 20 or 30 years after you have graduated and find how impossible it is to feel that you ever really knew them. You remember that but you don't feel with much the same sense of detachment with which you remember your old playmates.

He Lived the Child He Used to Be.

As I write there comes to me a far more beautiful expression of this same thought. Do you remember it in "Charles Lamb's essay, 'New Year's Eve' Let me find it for you.

If I know aught of myself," he writes, "no one can have less respect for his present identity than I have for the man I am. But for the child I am, that 'other me' there in the background, I must leave to cherish the remembrance of that young master with as little reference to his stupid chattering of five and forty as if it had been a child of some other house and not of my parents."

THE SEARCHLIGHT

Reclamation Farms.

There are many persons who wish to obtain farm land, especially now that food prices are high and there is a world wide shortage of food crops. Many of these persons are not acquainted with the methods of obtaining land from the government. One of the easiest ways to get farm land that is sure to be productive is to take a farm on a reclamation project. These may be had at present in seven different states and in areas of 40 and 80 acres. The applicant pays for the water rights. Thus, for example, on the Minidoka project in Idaho, \$30 an acre must be paid for water rights, so that taking up a claim there is equivalent to paying \$1,200 for a 40-acre farm. The land is then given to the applicant on a 40-year lease. Full information may be obtained by addressing the station, United States reclamation service, Washington, D. C.

were entered upon the scroll by their owners, methodically and unhesitatingly. A great nation of over 100,000,000 has furnished its title of life, from which it is to be chosen those who are to be sacrificed, if necessary, in maintaining national existence and liberty. It is the silent demonstration that the nation is united.

No wonder men get the swelled head. A Chicago woman who is suing another woman for alienation of her husband's affection places a valuation of \$25,000 upon them.

A liberty loan button, when properly earned, is a badge of honor.

Life in Central America seems to be just one earthquake after another.

Saving Summer Foods

III. Preserving Meat and Fish (By Frederic J. Haskin.)

Washington, D. C., June 12.—There is another way in which you can work patriotically this summer for next winter's food supply besides preserving fruits and vegetables. You can salt some fish and meat, such as mackerel, and store it in your storage space will hold.

It sometimes happens that a man goes fishing and is lucky. Not often, but occasionally. He may catch more fish than the family can eat at one meal, and as the surplus goes into the garbage can, the fish-eating neighbor at hand. The government does not advocate stiltiness with the neighbor, but it does advocate stiltiness with the garbage can. It is your duty to the nation to salt your extra fish.

Now picture the American housewife going marketing. She buys a couple of potatoes and carrots, and has canned that soup stock, she might have had soup for four or five meals the following winter. But you do not have to buy a roast in order to get soup materials. You can buy beef hocks, joints and bones containing a couple of potatoes and carrots, and has canned that soup stock, she might have had soup for four or five meals the following winter. WHAT IT MEANS TO LACK CARD

Auroran Who Lacks Registration Credential Twice Picked Up.

HE BELONGS TO MILITIA

Andus Shipton of The Beacon-News is one person who really appreciates what it means to be a card man—men between the ages of 21 and 30 years inclusive, who has a card showing that he registered. Shipton who belongs to the national guard and did not have to register, was called upon in Beloit, Wis., to produce a card and again upon a train in Illinois. But for the fact that he found acquaintances who vouched for him and telephone lines which reach to Aurora, he would have had time for considerable reflection in Beloit and Woodstock jails.

Local authorities called upon Shipton for his card in Beloit, his ship home. A secret service man asked him to produce the card on a train. At Beloit, Shipton persuaded the folks that he was not "slacker." On the train, he did not have very good luck and was turned over to a deputy sheriff at Woodstock.

He knew the deputy but this was not sufficient. He had to get into communication by telephone with Captain Groom of the Third regiment supply company before he won his freedom. Shipton believes that the national guardmen should have some sort of card to which they could

show when in civilian dress to prove their identity.

Take Two Mexicans.
Two Mexicans, track laborers employed by the Aurora, Elgin & Chicago railroad, and giving their residence as 210 Main street, Aurora, were taken into custody in Chicago yesterday by United States deputy marshals. Their names are Victoriano Lopez and Jose Saeiro. Both claimed inability to read, write or speak the English language.

The two men were stopped on the street and ordered to produce registration cards. When they were unable to comply with the order they were taken before United States Commissioner Mason. Later they went to the election commissioner's office with deputy marshals where they were allowed to register. They were released on their own recognizance.

Chief of Police McCarty and Sheriff Richardson are receiving numerous complaints against men who are accused of being "slackers" but no arrests have been made. The birth records of the men are being investigated.

MOTOR CAUSES FIRE

A 20-horse power electric motor which belongs to the city of Sandwich and which was being repaired at the electric shop of H. K. Taylor, in his basement at 64 North Broadway, set fire to that building this morning at 2:20 o'clock. The blaze in the basement was discovered by night Merchant Policeman William Conrad, who sent in a fire alarm.

The motor had been undergoing a "baking out" during the night. A wooden box on which it had been sitting caught fire and soon another box nearby was on fire. Flames began to spread. Woodwork in the basement was blazing when the night policeman saw the fire.

The fire was extinguished with chemicals by the fire department with a loss of about \$250.

CIRCUS ROMANCE BREAKS BAREBACK RIDER'S HOME

SELLS-PIOTO PERFORMER
WOODED, WED AND WANDERED
AROUND THE "LOT."

John R. Fuller, a bareback rider with Sells-Floto's circus, has been sued for a divorce by Mrs. Arline P. Fuller, also a bareback rider, but with Edmund & Bailey. According to the bill, filed in Chicago yesterday, Fuller wooed, wed, and wandered in the circus lot. Mayne Saunders and Lola Haight are named as co-respondents by Mrs. Fuller. They are both circus performers.

Mrs. Fuller says her husband has refused to support her and is \$200 behind in payments for his son's education.

FLOUR PRICE HIGHER

The potato and flour market remains firm, no material changes in prices on these commodities having taken effect all this week. Yesterday morning flour at wholesale was quoted in Aurora at \$15 per barrel and in the afternoon it went up to \$15.40 per barrel, a local wholesale dealer said this morning. Today four remains at \$15.40. Potatoes remain the same, \$3.80 per bushel, wholesale, a local produce dealer said this morning.

WILSON SIGNS THREE BILLION WAR BUDGET

Washington, June 15.—President Wilson today signed the three billion dollar war budget bill which carries appropriations for the new army and other war preparations. It is the largest single appropriation measure ever enacted by any government.

Do You Know What Economy Is?

There is a lot of talk about economy these days and unless we stop to think we are likely to get the wrong idea of what economy really is. Doing without things is never economy, hoarding money is never economy. But prevention of waste and making every dollar do double duty is real economy. And we are glad that the Oxsul store is one of the few stores where your dollar will do double duty. "Ask your neighbor."

From Boys with the Colors

Great Lakes, Ill., June 15.

Dear Editor:

Just a few lines to let you know because everything is at Great Lakes Training station. Everything is coming fine and dandy only for a little rain last night and this morning. The fun is after every rain, when you have to be sure-footed. Going to mess this morning quite a few fellows fell in the soft clay. I think you know how they fell. Everybody is washing this afternoon, the sun being out. I slipped and fell so my whereabouts are on the line.

We certainly are having the time of our lives. The gang comes around with a tent, fly and the fun begins. Pretty soon you see a fellow with a sack on his head. Then the word is: Stand by and heave ho. They heave you in the blanket or fly. It is a ride in the clouds. They toss you about twenty or twenty-five feet in the air. It's the most fun of all. I know, because I had it twice last night. We run one sailor around the whole camp before we caught him.

Here is the forces as they advance on the enemy. First comes the sappers followed by the artillery caisson (wheelbarrow) and followed by a lot of whooping salts. Then bringing up the rear are the "black gang" (firemen or coal heavers). The order is halt and stand by. The cooks and all petty-officers stay clear because they are the ones whom the gang prefers. Next we get some of the early-to-bed fellows and tie a string across their nose. Then tell them to get up and fall in for music. The result is they cannot rise.

This morning they took us over and gave us a medical bath, steaming the chests and fed with different solutions. A cold shower followed. One fellow was rounding a corner on high gear when his feet wouldn't track. He skidded up against the wall and slid on his back for about ten feet. Then he had to go back for another bath.

We are getting the best of "cats." I have gained 11 pounds since I have been here. Looks as if we might be leaving pretty quick as we are getting put shipshape pretty fast. We went to sail for last Tuesday. But expect to go to now.

Send my best regards to Les Barber from "Rosy." Tell all those who expect to join the navy to shake a leg because they are nearly filled up here. Will have to close for this time and go to "chow" (supper). Best wishes to all.

Yours truly,

EUGENE V. (ROSY) ROSENBERG.

P. S.—Certainly enjoy reading The Beacon-News.

From Coach Breeman.
Jefferson Barracks, Mo.

They say that every day in the army is like Sunday on the farm. Well, I have spent many Sundays on the farm, but a fellow will never know when Sunday comes in the army. Sunday for Uncle Sam is no day of rest. We got up early this morning and had our uniforms checked-out to us.

Our worst days are over as we have passed the physical exam, been inoculated, vaccinated, and given our permanent quarters while we are here. All the boys passed the test, and we are still together. They are all in the same bunk house except me. I am right next to them with some friends from Chicago.

We picked up a bunch of 12 fellows which hang around together. The first few days were rather bad because of the confusion, but we use it better since we have gotten our uniforms. Hunch is some soldier in a suit. The army men give out shoes about two sizes larger than civilian shoes. We are thinking of putting him on the Miss R. and give him a sail.

We have our first drill tomorrow. I bet it will be some awkward squad. Our boys are all inexperienced in the manual of arms. We have picked up a great many points since we located. We have found out not to tell an officer what we think of him, as we have seen a bunch sent to the guard house, put in fatigue clothes, and put to work with an armed guard over them.

We came down from Chicago in a day coach. It seemed more like a football trip except that the sergeant had more trouble keeping the fellows on the train than I had with the football team. The train arrived at the barracks about 10 o'clock Friday morning. The first thing they did was to give us a towel and let us take a bath. The sergeant must have thought it was Saturday night.

Can you imagine the bunch we have going to bed at 8:30 Saturday night or getting up at 5 one Sunday morning? You could never imagine how much fresh air there is at 3 in the A. M. Chuck Day says it takes his mother two hours to get him up in the morning, but he only has to be called once here. When these army men speak you can always understand them. They speak in no uncertain terms. Some one said that army men knew but two languages—English and profane. These men are rather poor in English.

The Y. M. C. A. has a tent where we can play the piano, read or play the Victrola. It is certainly a nice place. Aurora placed herself on the map last night. We were assigned coats in a bunk house after supper. About 8:30 two hard guys came in and tried to take the cot away from Robertson. He yelled for two Aurora crew and 12 Aurorites sprang out of their coats in fighting clothes and ejected the birds. One fellow said later that if he ever got in trouble, all he would do would be to yell "Aurora" and he would feel safe. It is got some one before he gets you.

All rookies have to spend one day in the mess hall serving. I'll bet I will send you one. We will leave our hats on because they cut our hair, or rather, chewed it off. We look like a bunch of porcupines.

We leave here Tuesday for Texas and after a month of two we go across the pond. I hear the crowd cheering at the ball park so I think I will be leaving. The barracks team plays someone today.

Yours friend,
A. L. BRENNEMAN.
P. S.—Tell Mrs. Merrick and all my friends hello for me. None of us have regretted that we have enlisted. In fact, we like it better every day.

NORWEGIAN SHIPS SUNK

London, June 15.—The sinking of several more Norwegian vessels with considerable loss of life is reported by the Norwegian foreign office as quoted in a Central News dispatch from Copenhagen. According to this information the following craft have been sunk by German submarines:

Sigrun, steamer 2,638 tons gross; crew rescued.
Cavmet, sailing vessel, loaded with pit props; driven ashore and seriously damaged by gun fire; all the crew missing with the exception of one man whose body was found.
Vinaes, steamer 1,107 tons; only four men saved.
Sylvia, sailing vessel 143 tons; crew rescued.

The Storks Arrival

Quitting Business SALE

The Store Is for Rent! The Fixtures for Sale!
I am through. It is up to you to finish this stock in the next 30 days. I will simply say this is the greatest money-saving sale I have ever known on the World's Leading Pianos.

A cheap piano looks almost as attractive as the best piano made. Played skillfully—so to show its best points—it SOUNDS almost as well. The vital features which make a piano give long and satisfactory service are hidden in material and making—concealed from the gaze of any but the TRAINED Piano maker.

COULD YOU DISTINGUISH BETWEEN COTTON HAMMERS AND THOSE OF GOOD WOOL? Both give equally good tone when new. Cotton "crushes" and "picks" under the tap-tap of the hammer on the strings. Wool does not, but it costs too much to use in cheap pianos.

Could you distinguish between good stringing and poor between correct scale and one full of "breaks." Between a correctly designed and well regulated action and one sure to give trouble later?

Most people cannot—and that is why

It Is Safe to Buy a KIMBALL

The Kimball is built on the reputation of making every transaction satisfactory to the purchaser; on the foundation of giving good value for every dollar spent here; on the rock of selling at fair prices. You can buy your piano here with the comforting thought that if ANYTHING is wrong with the transaction we will make it right.

This Is a Real Sacrifice—"CLOSING OUT SALE"

Every piano as advertised. They are real bargains, not merely prices printed in a paper to get you to our store. Every statement is a fact. Every proposition is backed by the great KIMBALL FACTORY. Every Piano is backed by the double "MONEY BACK GUARANTEE."

WHEN a great sorrow befalls a household the bonds of relationship grow stronger. In the brilliant revival of half-forgotten memories, joys and griefs of early life stand forth on the screen of memory, to remind us of the close ties of family. And so it is with our nation in this time when our big American family is gathered in council.

¶ We count the cost, but we dare not shrink while we remember our traditions.

¶ Some will suffer physical agony, and no one of us may hope to escape untouched by sorrow. Hardly do we wish for such immunity. With the time for sacrifice at hand, suffering in forms which in normal times we dread will almost be welcomed.

¶ And yet there are limits beyond which it has not been granted to humanity to endure. Lest those limits be reached we seek now to prepare in ways which later opportunity may not offer.

¶ Friend and foe will find the men in whom the nation reposes its trust have not been wanting in the will and the courage to do their appointed tasks on field and sea. Nor shall those men find that the men and women with whom they place their hope for solace when they fall, shall have done less than their utmost to prepare for their tasks.

¶ To many a stout loyal heart the call of humanity and of country will be more prepotent than the sighs of those dependent upon them. Regardless of the fact that our Government seeks to absolve from risk of battle many of those who leave dependents, is there a man worthy of the Great Call of Country to whom some one does not, at least occasionally, look with confidence for some sort of necessary aid?

¶ Here in Aurora there may be many too young or too old or too weak to fight their own or their nation's battles, who will feel most heavily the merciless thrust depriving them of fond protection.

¶ Whatever else we may be doing to help our country, and whatever else we may be willing and waiting to do, let us not lose this opportunity to help along the work of the Red Cross.

¶ Let us realize that every penny contributed to it will ease the throb of pain in some human breast, somewhere, some time, in war or peace.

¶ Let us not stop our contributions at one dollar if we can give one dollar and one cent, nor at two dollars if we can give ten, not at twenty-five dollars if we may, in fairness to ourselves, make it one hundred dollars.

¶ The men and women of this City and of America to whose wisdom we look for guidance in affairs of State, in affairs of religion, in affairs of science, in affairs of business, and in affairs of all other human activity, unite in saying:

"This Is a Worthy Cause"

and if you and I need more authoritative endorsement, it is not lacking. To have faith we must have hope, to have hope we must have charity, and it has been said:

The Greatest of These Is Charity

¶ There is no charity more practical than the work of the American Red Cross.

Just What the Red Cross Is

(Extracts from an address by H. J. HUI.)

Since 1905, when congress specially chartered the American Red Cross, every resident—man, woman and child—in America is entitled to hold membership in it. The American Red Cross, while purely a volunteer organization, is officially designated by the government to supply the work of the army and navy medical corps, and to officially receive and distribute on behalf of the government all moneys and supplies required to relieve communities overwhelmed by disaster, and to cooperate with its base hospitals and other military units, with the army and navy.

The machinery of the society interlocks closely with that of the government. The president of the society is the president of the United States, its treasurer is the federal comptroller of currency, the war department audits its accounts, the surgeon general of the United States medical corps and an admiral of the navy head its committees on military and naval relief.

In time of war the government takes over the equipment and personnel organized by the society, and every physician, nurse and officer on its roll is automatically given proper military rank.

No, you see, it is not a mere incidental piece of relief machinery which the American Red Cross is building.

Twenty-five movable base hospitals, each of them capable of providing for the needs of an army division of 20,000 men, have been organized during the past 12 months. Five have been provided for the navy. The equipment for these hospitals, costing something like \$11,000 each, has been provided and stored in orderly fashion, where it is instantly available. The trained personnel, consisting of 251 surgeons, pharmacists, dentists, nurses, assistant nurses, stretcher bearers, orderlies, clerks, hospital cooks, carpenters, etc., has been drawn from the strongest hospitals and Red Cross chapters in 25 of our great American cities, and, for a period of two years, is pledged to respond to the call of the government for active field service.

The American Red Cross is designated to take charge, under supervision of the medical corps, of all patients turned over to it in what we know as the second zone—the zone of the military base. Here, in the great base hospitals organized and equipped by the people in times of peace, the wounded soldier and sailor meet for the first time what is comparable to a regular hospital establishment. Here he receives expert surgical attention and the best care and nursing that a grateful people can provide. Letters from his dear ones at home are received and read to him here, and his letters home are written for him by clerks provided in the hospital.

Here he stays until well enough to be transported to one of the great general hospitals commandeered by the government, back many miles from the war front, or, until he is discharged to his home.

Let us build our machinery now commensurate with our other resources. No organization holding a membership of two or three hundred thousand can truly reflect the generous impulses of our people.

Japan has more than 2,000,000 members enrolled in her Red Cross. May there not be a vital connection between this fact and the fighting fitness of her armies and navies in her recent war? Germany had, at the outbreak of the war, nearly a million and a half members in her Red Cross. Does this not partially explain the fact that her military and civilian population have been cared for as no other nation in Europe has been cared for in this terrible war? Austria's Red Cross, with a membership of 355,000, broke down in the early stages of the war; her machinery was not adequate. While men died on the battlefield and in her hospitals, she had to stop, as God grant we may not be compelled to stop, to patch her machinery, to expand it, and to bring into being what every nation should have before the call to the flag goes out.

WILSON WORKING FOR FOOD CONTROL

President Renews Efforts for
Legislation Fixing Prices of
Necessities of Life.

Retail Prices Jumped 9 per Cent on
Average During March and
April, a Record.

(By Associated Press Local Wire.)

Washington, June 15.—President Wilson today renewed his efforts for early passage of the food control legislation. He conferred with Senator Martin, majority leader, and Senator Gore, chairman of the agriculture committee.

Senator Martin thought the food bills would not be acted on in the senate until it disposed of the war revenue bill, still in the hands of the finance committee.

Food Price Figures.
Retail food prices in the United States jumped on an average 9 per cent, between March 15 and April 15, as shown in statistics compiled by the labor department. It was the sharpest advance in any one month since the beginning of the European war.

The heaviest increase was in flour, 18 per cent, bacon 15 per cent, and potatoes 14 per cent. Every article of food except coffee showed an advance. Relative price increases for some of the principal foods follows:

Meat Prices Higher.
Sirloin steak 8 per cent, round steak and rib roast 9 per cent, pork chops 12 per cent, ham 9 per cent, lard 13

Kaneville, Ill., June 15.—Miss Marie Lovell is visiting relatives in Aurora.

Mr. and Mrs. Herbert Smith started early Tuesday morning on their auto trip to Canada.

Mr. and Mrs. Chapman have their goods packed and are awaiting a car to ship them south.

Mr. J. E. Rindheimer and Mr. Richards of Geneva attended the Red Cross meeting here Tuesday evening. The latter spoke concerning the Liberty bonds.

Mrs. Theodore Worrester and Mr. Dwight Godard of Aurora were in Kaneville Tuesday in the interest of the Aurora symphony concert. They sold a number of season tickets.

Mrs. Allen, who has been staying the past few weeks with her daughter, Mrs. Farley, left Thursday for Iowa to visit another daughter. Her daughter-in-law, Mrs. Allen, accompanied her.

The June "Go to Church campaign" opened last Sunday. Every one is cordially invited to attend any or all services of the church. There is a committee arranging for special music, talks, etc., for each service.

Glynn Thompson returned Wednesday evening from Montana. Mrs. Thompson remained in the west for a visit with relatives. Mr. Thompson reports very severe storms and

washouts in that section of the country.

Edith Taylor entertained about 20 little girls friends Tuesday afternoon in honor of Lois Chapman who goes with her parents to live in Louisiana. A very happy time was reported and before the children left for home they gave Lois a spoon. Lois Hartfield of Aurora was one of the guests.

There was quite a good attendance at the Red Cross meeting at the church Tuesday evening although not so large as had been hoped, but no doubt the threatening weather kept some at home. Mrs. J. H. Bliss and Mrs. Fritz of Aurora were present, the former telling of the organization and the work it does, and assisted in organizing the local auxiliary unit; the latter showing samples of the work that the women are doing in their meetings. Dr. Claridge also talked for a time concerning Red Cross work. The fact that the lights went out and did not come on again for some time did not keep those present from forming an auxiliary. Dr. R. A. Claridge was elected president, Mrs. Lynn Phelps, secretary, and Wm. Lye, treasurer. A membership committee was appointed consisting of E. D. Spencer, Charles Lovell, Mrs. E. H. Humiston, Maude Dadds and Mrs. Mada Flanagan. Mrs. E. D. Spencer is chairman of the committee on work with two more of her own choosing. Who they were could not be learned as

this was mailed. The officers are to choose an executive committee. There will be another meeting next Tuesday evening to which all are urged to come, when further plans will be made for carrying on the work here. The membership committee secured a number of members Tuesday evening and are now working to get everyone to take out some membership before next Tuesday evening.

The Japanese Way To Remove Corns Don't Hurt a Bit—Easy and Simple

The Magic Touch of Ice-Mint Does It. Just a Touch Stops
Soreness. Then the Corn of Callous Shrivels and Lifts
Off. Try it. Your Feet Will Feel Cool and Fine.

Just a touch of Ice-Mint and "Oh" what relief. Corns and callouses vanish, soreness disappears and you can dance all night or work all day and your corns won't hurt a bit. No matter what you have tried or how many times you have been disappointed here is a real help for you at last. From the very second that Ice-Mint touches that sore, tender corn your poor aching feet will feel so cool, easy and comfortable that you will just sigh with relief. Think of it just a little touch of that delightful, cooling Ice-Mint and real foot joy is yours. No matter how old or tough your feet

corn is he will shrivel right up and you can pick him out after a touch of Ice-Mint. No pain, not a bit of soreness, either when applying it or afterwards, and it doesn't even irritate the skin.

Ice-mint is the real Japanese secret of fine healthy, little feet. Prevents foot odors and keeps them cool, sweet and comfortable. It is now selling like wildfire here.

Just ask in any drug store for a little Ice-Mint and give your poor suffering, tired feet the treat of their lives. There is nothing better, nor nothing just as good.

FARMER GIVES FULL FACTS

Claude Petefish Heartily Indorses Tanlac For Aid It Gave His Mother.

Jacksonville, Ill., June 14.—Claude Petefish, well known farmer residing at Litchberry, Ill., near here, made the following statement on May 19, telling how his mother, Mrs. W. H. Petefish, was greatly aided by Tanlac, the celebrated new medicine.

"About four years ago, mother began having trouble with her stomach. Rheumatism bothered her, too. Her food never agreed with her. Especially in the mornings she suffered severe pains in the back and her sides.

"Well, sir, mother has taken only one bottle of Tanlac but just this morning she told me that she felt better now than she has for the past three months. The pains in her back and limbs are not nearly so severe. Her stomach is greatly improved. Mother wants other people to know of the good Tanlac has done her so that they may try the new medicine and receive the same benefits."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, loss of appetite, catarrhal complaints, nervousness and the like.

Tanlac is being introduced and explained in Aurora at the Public Drug Store, New York and Broadway, in Geneva at Johnson's drug store; in Sandwich at Converse's Cash drug store; in St. Charles at Staudt & Beger; in West Chicago at Center Drug store.—Advertisement.

PERSHING GOING TO FRONT AT ONCE

Round of Social Affairs in Paris to Be Out Short by American General.

Americans Anticipated at French Flying Venues To See Fighting on Monday.

(By Associated Press Special Wire.) Paris, June 14.—Altho General Pershing's first day in Paris was naturally filled with overhauling of social affairs he managed nevertheless to utilize odd moments for business. It is understood that he will soon leave for an extended trip to the front.

Following his attendance at the chamber of deputies the general and his staff motored to an aviation field to watch aerial evolution of French experts. The French aviators outdid themselves in performing spirals, loop the loops and other tricks that frankly astonished the Americans, who admitted afterwards that they had never seen such feats in aviation. After an hour with the aviators General Pershing returned to Paris and conferred with the minister of marine. He then rested briefly while the ever enthusiastic crowd waited patiently outside his hotel. After his rest he went to keep a dinner engagement with Minister of War Painleve.

Eager for Work. While both meetings with the ministers were largely of a social order it is understood that they afforded the American commander-in-chief opportunity to at least broach the topic into which he and all his following are so eager to plunge.

General Pershing spoke almost joyfully of the prospect of being able to take up his work immediately. It was characteristic that during his talk he never used the first person pronoun but always referred to "the engagements of a social character will largely take up tomorrow but the Americans are looking forward to settling down to work in earnest by Monday at the latest.

MRS. SLACK'S LETTER

To Mothers of Delicate Children

Palmyra, Pa.—"My little girl had a chronic cough and was so thin you could count her ribs, and she had no appetite. Nothing we gave her seemed to help her until one day Mrs. Nelbert asked me to try Vinol, and cough is gone, she is plumper and has a more healthy color. I wish every mother who has a delicate child would try Vinol."

Mrs. ALFRED SLACK

The Enemy of Uric Acid is Anuric

(By L. H. SMITH, M. D.)

In spite of the best care one takes of oneself, any part of the human machine is liable to become out of order. The most important organs are the stomach, heart and kidneys.

The kidneys are the scavengers and they work day and night in separating the poisons from the blood. Their signals of distress are easily recognized and include such symptoms as backache, depression, dizziness, irritability, headaches, distension, rheumatic twinges, dropsy, gout.

The very best way to restore the kidneys to their normal state is to drink plenty of pure water and obtain a small amount of Anuric, which is dispensed by most every druggist. Anuric (double strength) is inexpensive and should be taken before meals. It is much more potent than lithia and many find that Anuric dissolves uric acid as water does sugar. People are realizing more and more every day that the kidneys, just as do the bowels, need to be flushed occasionally. The kidneys are an extremely active organ and are constantly working, separating the poisons from the blood. Under this continual and perpetual action they are apt to congest, and then trouble starts. Uric acid backs up into the system, causing rheumatism, neuralgia, dropsy, and many other serious disturbances. It means that you are a "victim" to uric acid poisoning. Then ask your druggist for Anuric, which was first discovered by Dr. Pierce of the Surgical Institute in Buffalo, and which is dispensed by nearly every druggist in the land.—Advertisement.

NEW THOUGHT CHIEF TAKES SIXTH WIFE

Miss Laura Hudson, Former Aurora Stock Co. Actress, Dr. McIvor Tyndall's Bride.

Strangest of Triangle Love Affairs
"Chaperoned" by Cullitt's Mate
Number Five.

A new wife has supplanted No. 1 in the home of Dr. Alexander J. McIvor-Tyndall, president of the International New Thought Fellowship. This was confirmed today by all three parties in the "transfer." The outgoing wife was present at the inauguration of her successor, which took place without much ostentation in the office of Justice of Peace Howard Kemp of Crown Point, Ind., at 8 o'clock last Tuesday evening.

The new marriage is not an experiment, for the couple had been "soul-mates" for six years under the incognito chaperonage of No. 5.

The bride was Laura Hudson, actress and lecturer, who appeared not long ago in "Along Came Ruth," and popular with Aurora's theater goers thru two seasons of "stock" at the Fox theater.

Praise Each Other.

"Margaret is a wonderful woman. She is the forger, I the forgiver," said Laura, wife No. 2. "We are very fond of her. She is a great help to Dr. McIvor-Tyndall. The two are the heads of the new thought. I know little about it. But I am going to learn, for it is beautiful."

"Laura is lovely and charming," said Margaret, wife No. 1. "When she came into the life of Dr. McIvor-Tyndall I felt that I must step aside."

All this is a part of a new chapter in the novel dull love record of the handsome Tyndall. He is so handsome that sighing women have crowded into halls, churches, auditoriums and tents in a score of cities, from coast to coast, just to hear him lecture on love. He conducted a series of cult lectures in Aurora in 1916.

Dr. Tyndall met Miss Hudson in Denver six years ago and fell in love with her. His then wife confessed it a divorce.

"I felt as though I were nursing my husband thru a bad case of smallpox and that I must not desert him," said No. 1 in explaining the fact that she had lived in the same flat with her husband and his "soul-mate." But she tired of it after a while.

"It's no fun to chaperone a pair of lovers when one of them is your husband," she said.

For all that she "stuck." And the strange triangle of love continued year after year. It was embarrassing at times to both women, and eventually Margaret got a divorce.

"Sometimes I would be introduced as 'Mrs. Tyndall,'" said Margaret, "and sometimes Miss Hudson would be introduced that way. Then we had some explaining to do."

They are living at the hotel Ra-

high in Chicago.

Accords With Theories.

The whole complicated affair is said to be in accordance with the theories of love expounded by Dr. Tyndall in his most popular lecture: the one on "Bhakti Yogi, the Path of Love."

It was back in 1911 that Laura caused the arrest of Margaret charging that she had stolen her diamond rings. The rings were said to be worth \$800.

"The other woman took my husband. I thought she'd be glad to have me take the rings and go," said Margaret at that time.

LORD NORTHCLEIFFE CALLS ON LANSING

(By Associated Press Staff Wire.)

Washington, June 15.—Lord Northcliffe, co-ordinating head of all the British war missions in this country, paid an official call today on Secretary Lansing. Lord Northcliffe explained that he had been designated by the British war council as the head of all the special British missions with full power to direct their activities, negotiate with American officials and report to the various ministries at home.

Lord Northcliffe arranged today to see President Wilson shortly. His visit here is intended to be brief and largely for the purpose of preliminary acquaintance with officials. He is anxious to return to his headquarters in New York as soon as possible.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain purified coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. (One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get multifold coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

prelate, almost as large as a man, Jeanville has been rolled into the water. The graniteller "Trotter" is seen, a man at the breach swings over, a ton of steel swings up with a splash of compressed air. The breezer turns and locks, a buzzer sounds, the charge is ignited and with a rush of air the guns recoil into position. There is a loud "swish swish" as the guns come back and then go forward. Inside the turret it is much more than that is heard. Outside, it is much different. There is a flash, a roar, a ring of smoke and a cloud of steam. A great battle pushing thru the air. So great is the concussion that every man outside has cotton or some other substance in his ears to save his ears from being broken. Fifteen seconds from the commencement of the firing, the breezer comes out and time for the big guns in the navy. They have new guns' crews

the junior officers. I suppose I am the only grandfather in the navy. The graniteller "Trotter" is seen at the loading as the newest recruit at the fighting machines, and he is capable, too.

They've got a slight attack of spy scare in the navy. Officers said that it was quite possible there were Germans on the ship. "Trotter" who is looking into the business ends of the rifles of a firing squad. Every now and then suspicious of the officers and men are aroused and a quiet investigation is conducted. A brief investigation is conducted. Quiet investigation is suspicious of the officers and men are aroused and a quiet investigation is conducted. Quiet investigation is suspicious of the officers and men are aroused and a quiet investigation is conducted.

While "Trotter" brought suspicion against himself because he carried aboard ship with him a geometry book.

FLAG PICTURES 3 GREAT FIGHTS

Striving Against British Tyranny, Slavery, German Autocracy, Rev. Alden Says.

STIRS ELK FLAG DAY CROWD

(Continued from Page 1)

Here want that as little as any of us. "Because we have no hate and passion does not blind our eyes. We have entered this war very calmly. There has been more noise in France and England about our action than there has been here at home. But that does not mean that we will not fight to the last man and the last dollar. Life recently had a poem with four lines something like these:

"We haven't much behind us
As to age or as to art.
But we've got a splendid record
That we finish what we start."
U. S. Endures Much.

"As we have had no hate, so have we had no haste. Nobody but our enemies will ever accuse us of having exceeded the speed limit. Early Americans wrote it in their declaration that mankind are more disposed to suffer while evils are sufferable than to right themselves by abolishing the forms to which they are accustomed. This epitomizes American history. America put up with much before she rose against the British throne. The north put up with much before she rose against the south. America has now put up with much before we entered the lists against German autocracy. But if the Kaiser mistook our patience for cowardice he may learn his error from the figures of our recent registration. Americans propose to resume European travel. Our men will have tickets to Berlin, not over but thru the German line.

"The ships they travel on will carry stripes in sight. But they will not be painted in the perpendicular. American stripes run the other way. And if the Kaiser looks carefully he will also see some stars. And if he doesn't look, he will see stars anyhow.

Charity Doesn't Uphold Injustice.
Charity for a brother's fallings

does not mean that we must submit to unjust treatment. The Elk believes in the open hand of fellowship. But he believes also in the clenched fist of punishment for him who violates the quadruple obligation of charity, justice, brotherly love and fidelity.

How can we love the Germany and yet make war on Germany? Can we not make it plain by this analogy? It is now generally conceded that the south never had a better friend than Abraham Lincoln. But he was compelled to make war on the south just the same and in that war to eliminate their pet institution. So the German people have no better friends than Americans but we are compelled to make war on Germany just the same because they foster an imperialism that is an enemy to civilization. Germany can write no treaty of peace that will engage the confidence of the world as any better than a scrap of paper if it bears the name of Wilhelm. The Kaiser must go.

Three Consecrations.

"The three colors of the flag stood at first for three consecrations. To the Declaration of Independence our fathers pledged three things: 'Our lives, our fortunes, and our sacred honor.' The three colors of the flag will stand for the same three things.

"Lives were freely given in those early days. Men assumed every risk with no faltering. Think of Washington and what he stood to lose if failure came. How gleefully would the British have hung high the head of this audacious rebel if they could have won that war. Then think of the rank and file that followed him, poorly clothed, half-starved and barefoot in the winter snows. Such devotion is beyond price. It is what money cannot buy. Then turn to the civil war and you see the boys in blue, loyally following the weary road to the Appomattox court house undismayed by death, or Libby prison which was worse. Yes, let the red in the flag stand for life and the boys of Uncle Sam, soon on the fields of France, will vindicate the memory of their sires as having started fire of permanent devotion to the cause of liberty. American life has always been consecrated not only to the national faith, but to the welfare of humanity.

"American fortunes have always responded to humanity's cause in both war and peace. There have, of course, been individual traitors to all our professions but the nation has been true.

"Others have said we are money-mad. But there has never been a time when money stood above life and honor in the American character. Life, fortune and sacred honor. Two-thirds of what was pledged at first could not be reckoned in the terms of money. It is the same today. "Wealth in the hands of an indi-

vidual, or a small group of greedy individuals, has not always been unselfish. We still have financial pirates. Selfish wealth filled its coffers on civil war speculation, and re-filled them on the impure food and unsanitary camps of the Spanish war. My ever did. Selfish wealth would now debauch a nation by high prices on food and fuel but the nation will not condone the crime. It is the greed of individuals. There ought to be but one reason that such people are not in Leavenworth and that is that some other federal prison would be harder to reach from their place of residence.

For Freedom's Cause.

"The American nation has decided to draw funds for the expenses of our trip to victory. There's no use starting on such a trip without your pocketbook. Our letter of credit reads for seven billions. That ought at least to pay for our ticket on the ferry. It is a democratic credit and that means there are millions of people behind the billions of dollars. That is the meaning of the liberty loan.

"The American bandwagon is the fighting line. If you can't get on the bandwagon you can get on the bondwagon. If these bonds are not good at the end of this war the German will be ruling the world. Its bonds or bondage. Take your choice. Bonds pay interest. Bondage means indemnities which you will have to pay. If we don't make these bonds good there will not be anything left in America of the things for which the men and women of other days have striven and of which we talk so glibly on the Fourth of July. Suppose we make the blue, which is also a fast color, (that means it does not run) represent American fortunes, pledged now as in the early days to the cause of human freedom.

"And now the word of America has been pledged. Let the pacifist keep still. He lifts his voice on high to a low purpose when to do what he demands would stain the honor of the nation. The pacifist is a poor loser. He wants to break up the game because he has not had his way. His methods belong the other side of the Rio Grande.

"The pacifist now veils his attempts to hamper the government under an alleged demand for the peace terms of the nation. It is a thin disguise for treason. If he keeps up his braying much longer he will hear in no uncertain tones that the peace terms of the United States have not changed since the days of Ulysses S. Grant. They were then, and they are now. Unconditional Surrender. That is what the letters 'U. S.' will stand for to the pacifist at home. That goes also for Berlin Bill.

"The crisis is on. The verdict has been rendered. The decision has been made. America is in the war.

Now every American must do one of two things. The American has no third choice. Every mother's son and every father's daughter of us all must either fight or back up the fighter, must join either the army or the army behind the army. If you can't fight, then fight. But if you can't fight, help somewhere else. The honor of America is at stake.

A touching tribute to the flag was paid by Elliott A. Pritchard on behalf of the Elks lodge, and a history of the banner given by Myron J. Tarble.

Patriotic airs featured the musical part of the program. "Columbia, the Gem of the Ocean" was exceptionally well rendered by Mrs. Flora Lindsay Kelley. Miss Miriam Moser delivered an eloquent recitation on the "Vanguard of the Flag."

John T. Downs, exalted ruler of the local chapter, assisted by the officers of the lodge, was in charge of the introductory exercises and the program.

Obituary

Fred Sanford Funeral.

The body of Fred Sanford arrived in Aurora this morning, and will be shipped to Dixon at 5 o'clock this evening. Short services will be held at the grave and interment will be in the Dixon cemetery.

Samuel C. Hagerman.

Samuel C. Hagerman, 55 years of age, succumbed to a prolonged attack of Bright's disease at the home of his daughter, Mrs. Charles Hoffman, 518 South Fourth street. Death came at 2 o'clock this morning.

Deceased was born in Cato county, Kas. He has been employed here as a teamster for the Rogers Rendering company.

Besides his daughter, Mrs. Charles Hoffman, he leaves to mourn his loss, one other daughter, Merle, and one grandson, Glenn Hoffman.

The funeral will be held from the Healy & Healy undertaking parlors Sunday afternoon at 2 o'clock, interment being in the Riverside cemetery.

The girls are getting prettier and shapelier and are wearing less each year. Gee, what a fine place this world will be to live in about fifty years from now.

Many a man who brags that he has never paid a cent for repairs on his automobile can prove his statement by the men who did the repairing.

Healthy and Active at 80

Mr. Gilbert is still able to conduct his daily business and says Duffy's is the secret of his old age and good health.

"I have just passed my 80th year and can safely say that I never felt better in my life. I am still conducting my place of business and feel as though I would love to let some of the old folks know the real secret of my old age and good health. It has been whiskey, but do not forget the name—Duffy's Pure Malt. You may print this so that those that say they cannot eat or sleep may enjoy this life as I have enjoyed mine for the last 80 years, and still hope to enjoy many more."—William Gilbert, Proprietor Parlor, 2565 Frankfort Avenue, Philadelphia, Penn'a.

Chicago, Ill., June 15.—Wheat prices today continued to show a general downward bent. Bearish crop reports were influential. Opening prices which ranged from the same as yesterday's finish to 20 lower, with July at \$2.25 and September at \$1.95, were followed by something of a rally, but then by a fresh setback.

Predictions current that the total domestic production would be 20,000,000 bushels in excess of the government June estimate tended to keep the market depressed. The close was steady, 20c net lower, with July at \$2.25 and September at \$1.95.

Cold rainy weather had a bullish effect on corn. Trade was active, and a steady decline mixed. After opening 4c off to 14c up, prices scored a moderate general advance.

Later, the market reacted temporarily to a report of a rise in temperature and because of estimates that the condition of the crop was equal to a 10-year average and that the July government report would indicate the largest yield on record. The close was nevertheless strong at 1/2c net advance.

Oats developed firmness in sympathy with corn. Advances, however, were checked by heavy and by announcement of a big increase acreage in Canada.

Provisions were upheld by strength of hogs and corn. Most of the trading was in lard.

News in Brief

Notice—Effective Saturday, June 16, the Burlington freight house will close at 1 p. m. Saturdays and 4:30 p. m. other week days for the receiving and delivery of freight.—A. M. Young Agent.

Summer Cottages—53 S. LaSalle St.

Crab "Hang the Gringo"—Fifteen Mexicans, most of them intoxicated, formed a circle around an American, whose name has not been learned, last night at 10 o'clock in North Broadway and cried, "Hang the gringo." A watchman in the Burlington railroad shops called the police. The patrol wagon and five police men, led by Chief McCarthy, hurried to the neighborhood but the noisy gang and the man they threatened had gone. Four Mexicans found on the street were arrested but as there was no evidence against them they were released.

His Reason—One Aurora youth, who registered for the war-draft June 5, gave as his exemption reason, "I do not want to get killed."

Dead Brakeman Plunged Boy.—Elmer Johnson of Galesburg, Burlington brakeman who was killed while riding in the way car of a freight train at Mendota Wednesday morning, was a Plano boy. He had been in Galesburg but one year, having gone there to accept the job. He was 22 years old. Before going to Galesburg he was employed by the Burlington with his father, Thomas Johnson, on bridge construction. The remains have been sent to Plano for burial. The young man is survived by his parents and several brothers and sisters, all living at Plano.

Spring Brothers.—And quabs, dress to order. Modaff's Pure Food Commissary. Chicago phone 447.

To Be Reprimanded.—John Lang, 33 years old, arrested Tuesday on a charge of making insulting remarks about the American flag, will be arraigned before Police Magistrate Barlow this evening. Chief McCarthy said today, "It is probable that Lang, who has lived in Aurora all his life, will be released with a reprimand. He denies the accusation and says that he is ready to enlist in the army if the local recruiting officers will accept him."

Dancing—Every Saturday night. Zouave hall.

Godfrey, the Photographer.—Has a large number of folders suitable for graduates reasonably priced. Costs nothing to investigate.

Barbers Would Close Earlier.—A number of Aurora barbers have started an agitation to have shops close at 10 o'clock Saturday nights here. Officers of the barbers' union said this afternoon that the matter has not been discussed at any of the meetings.

Dance—Tomorrow night. Zouave hall.

Two Farmers Hurt.—William Modaff, farmer of Aurora township, and another man were thrown from the seat on the top of a box wagon last evening when one side of the box collapsed, causing the seat and the men to fall to the pavement. The accident happened at North Fourth and Flag streets. Modaff injured his left arm and was cut about the face and head. He was not seriously hurt but his wife accompanied today. The hurt did not run away.

Argue Over Sign.—A law suit to recover \$100 from J. J. Rubens, manager of the Fox theater, was started yesterday afternoon in the justice court of W. H. Heiss by the Federal Sign System company of Chicago. An electric sign was ordered from the sign company by Rubens for the New American theater at Davenport, Ill.

The testimony showed that Rubens was president of the Sylvia Amusement company of Davenport, the company which some time ago went into bankruptcy.

Rubens, as an individual, claimed that he was not responsible for a company bill.

The plaintiff claims that Rubens signed the order without stating in writing that the sign was for the company.

Charged With Rug Theft.—James Conley, 37 years old, who says his home is in Chicago, was arrested yesterday afternoon by Patrolman Louis Larson on a charge of stealing a small rug from the Denney and Denney furniture store in Broadway. The patrolman saw Conley carrying the rug and arrested him. Conley is being held at police headquarters.

County Health Office Urged.—A state health physician for Kane county will be named if a bill before the legislature passes and becomes a law. One part of the bill provides a state health physician for every 100,000 persons and Kane county has that many.

Nearly All Districts Ahead.

Washington, D. C., June 15.—Indications based upon telephone and telegraph reports from all sections were at that hour that every federal reserve district in the country, with the possible exception of two would subscribe its minimum quota and that today the district would over-subscribe the maximum.

Total subscriptions soared during the forenoon. Officials estimated before the books closed that a total of \$3,000,000,000 might be reached. Reports from every section of the treasury told of an avalanche of last minute small subscriptions.

Cleveland in Excess.
Cleveland, O., June 15.—Liberty loan campaign managers for the fourth district federal reserve bank have received subscriptions in excess of \$25,000,000 from the district up to noon today. Indications now point to \$25,000,000 as the final figure. The original minimum allotment for the district was \$18,000,000 and a later maximum was \$25,000,000 which later figure has been exceeded.

Army Men Subscribe.
Port Huron, Mich., June 15.—The student officers in training here subscribed for \$5,000 in liberty bonds in a night campaign. Leaders in the movement expected to sell \$25,000 more before the going sounded at noon bringing bond purchasers by furlough officers to a total of \$100,000. Thus officers of Uncle Sam's war securities and Michigan-Wisconsin students \$15,000.

Boston Loan Heavy.
Boston, Mass., June 15.—New England subscriptions to the liberty loan as tabulated up to 6 o'clock this morning showed a total of \$25,000,000. The general committee announced that over night subscriptions would put the total well above the allotment of \$24,000,000.

California Has \$40,000,000.
San Francisco, Cal., June 15.—In the closing hours of the campaign for subscriptions for the liberty loan officials expressed confidence that the minimum of \$40,000,000 set for the twelfth federal reserve district would be equalled and probably surpassed.

**H. H. EVANS ESTATE
IS WORTH \$497,086.79**
The estate of the late Col. H. H. Evans, according to the inventory filed with Clerk of the Probate Court, is valued at \$497,086.79. The inventory was filed by Arthur Evans, son, principal heir and executor.

About \$200,000 of the estate, it was said, consists of Aurora real estate. The inventory shows that the late Colonel Evans had large holdings in the C. A. & D. railroad, in the Fox & Illinois Union railroad, holdings in the A. E. & C. railroad, the Aurora Silver Plate company, the Illinois Surety company, and other big corporations.

Probe Pro-German Moves.
(By Associated Press Leased Wire.)
Cleveland, Ohio, June 15.—At the request of District Attorney Wertz, Federal Judge Westonhaver has called a federal grand jury here for next Thursday to investigate the alleged activities of Cleveland and northern Ohio residents involved in "anti-American" if not actually pro-German activities. The grand jury is also expected to take up the cases of a score of men arrested here for refusing to register.

Social Chatter

Mrs. Alice Wilson Stook, who underwent a serious operation upon the throat recently, is getting on as well as could be expected.

Misses Alice and Kate Tarisot have returned to their home in Romeau after visiting Aurora friends, including Miss Lillian Richards, a member of West High graduating class.

Miss Mary Taylor will entertain Miss Beatrice Taylor of Ontario, Canada, and Miss Gertrude Winne of Wilmette over the week-end.

Mrs. Alice Wilson Stook, who was operated upon at the Aurora hospital is getting along nicely.

DANGLING WIRE KILLS PIKE DAIRY CO. HORSE

A horse valued at \$250, the finest animal owned by the L. V. Pike Dairy company, was electrocuted this morning at 3 o'clock at the corner of North Fourth and Claim streets on coming in contact with a dangling electric light wire. It was pitch dark at the spot.

This afternoon Mr. Pike said that the wire was a city wire and that an employee of the city repaired the break. The wire had broken loose from a cross arm and hung into the street.

The driver of the horse Charles Kinney, was just about to stop to deliver milk at a customer's house when the horse stepped into the wire. The horse reeled over in the street and died within a short time.

POUCHER-MOON

Miss Maud Moon and LeRoy Poucher were quietly married last night at 8 o'clock at the residence of the Rev. Thaddeus Stevens of the Claim Street Baptist church. LABORER IS CHURNED IN CONCRETE MIXER

Lester Hawkie, 27 years old, a laborer residing northeast of the city, climbed inside the concrete mixer being used on the Farmersville avenue paving job this morning to clean it out. He was busy at work when Peter Weber, the engineer, started the engine. Weber did not know that Hawkie was inside the mixer.

When the engine started the mixer began turning. Hawkie was whirled round and round inside the machine before Weber finally heard him yelling for help and stopped the engine. Workmen pulled Hawkie out of the machine and called the police ambulance. At the St. Charles hospital this afternoon it was reported that Hawkie was badly bruised but that no bones were broken.

FIVE ARE ARRESTED FOR ANTI-DRAFT WORK

(By Associated Press Leased Wire.)
Champaign, Ill., June 15.—Five men have been arrested by the Champaign police for distributing anti-draft literature.

They were taken into custody during a liberty bond meeting here last night. The men who gave their names as Walter Arledge, Allen Crain, and Garrie Hunt of Urbana, and A. C. Hartman and F. A. Thomas of Champaign, are being held pending instructions from the federal government.

The Danger Line

Pests play greatest havoc with the garden when the plants are young and not strong enough to continue growth in spite of them. Bugs and insects are easily exterminated if they are gotten after right at the start. Immediate results come from use of Paris Green, Arsenate of Lead, Lime and Sulphur Solution, or Bordeaux Mixture. Let us advise you as to the one which will meet your situation best.
